Metroimperial Intimacies Victor Román Mendoza, 2015-11-27 In *Metroimperial Intimacies* Victor Román Mendoza shows how America's imperial incursions into the Philippines fostered social and sexual intimacies between Americans and native Filipinos that along with representations of Filipinos as sexually degenerate were crucial to regulating both colonial subjects and gender norms at home

True Sex Emily Skidmore, 2021-02-09 A fascinating humanizing look into the lives of trans men at the turn of the 20th century Library Journal In 1883 Frank Dubois gained national attention for his life in Waupun Wisconsin There he was known as a hard working man married to a young woman named Gertrude Fuller What drew national attention to his seemingly unremarkable life was that he was revealed to be anatomically female Dubois fit so well within the small community that the townspeople only discovered his true sex when his former husband and their two children arrived in the town searching in desperation for their departed wife and mother In *True Sex* Emily Skidmore uncovers the stories of eighteen trans men who lived in the United States between 1876 and 1936 Their stories are surprising and moving challenging much of what we think we know about queer history By tracing the narratives surrounding the moments of discovery in these communities this book challenges the assumption that the full story of modern American sexuality is told by cosmopolitan radicals Rather *True Sex* reveals complex narratives concerning rural geography and community persecution and tolerance and how these factors intersect with the history of race identity and sexuality in America Skidmore provides well drawn and sympathetic profiles of the compelling trans men considered offers a critical assessment of the press of the day and how it helped foster a new morality and engages in an ongoing critique of LGBT scholarship New York Journal of Books This brilliantly written and meticulously researched book should be part of all university gender curriculums The Washington Book Review

as a metaphor for the imperial relationship Bringing together these strands of inquiry I trace the actions of individuals their coverage in newspapers and fiction and the ways the U S imperial bureaucracy dealt with them Each chapter traces the significance of interracial intimacies to various aspects of the imperial relationship between the U S and the Philippines revealing how such intimacies are integral to understanding imperialism and the ways people experienced it Asian American Literature in Transition, 1996-2020 Betsy Huang, Victor Román Mendoza, 2021 This volume examines the concerns of Asian American literature from 1992 and the present This period was not only marked by civil unrest terror and militarization economic depression and environmental abuse but also unprecedented growth and visibility of Asian American literature This volume is divided into four sections that plots the trajectories of and tensions between social challenges and literary advances Part One tracks how Asian American literary productions of this period reckon with the effects of structures and networks of violence Part Two tracks modes of intimacy desires loves close friendships romances sexual relations erotic contacts that emerge in the face of neoimperialism neoliberalism and necropolitics Part Three traces the proliferation of genres in Asian American writing of the past quarter century in new and in well worn terrains Part Four surveys literary projects that speculate on future states of Asian America in domestic and global contexts *Body Parts of Empire* Nerissa Balce, 2017 *Body Parts of Empire* is a study of abjection in American visual culture and popular literature from the Philippine American War 1899 1902 During this period the American national territory expanded beyond its continental borders to islands in the Pacific and the Caribbean Simultaneously new technologies of vision emerged for imagining the human body including the moving camera stereoscopes and more efficient print technologies for mass media Rather than focusing on canonical American authors who wrote at the time of U S imperialism this book examines abject texts images of naked savages corpses clothed native elites and uniformed American soldiers as well as bodies of writing that document the good will and violence of American expansion in the Philippine colony Contributing to the fields of American studies Asian American studies and gender studies the book analyzes the actual archive of the Philippine American War and how the racialization and sexualization of the Filipino colonial native have always been part of the cultures of America and U S imperialism By focusing on the Filipino native as an abject body of the American imperial imaginary this study offers a historical materialist optic for reading the cultures of Filipino America **Crip Colony** Sony Coráñez Bolton, 2023-01-16 In *Crip Colony* Sony Cor ez Bolton examines the racial politics of disability mestizaje and sexuality in the Philippines Drawing on literature poetry colonial records political essays travel narratives and visual culture Cor ez Bolton traces how disability politics colluded with notions of Philippine mestizaje He demonstrates that Filipino mestizo writers in the late nineteenth and early twentieth centuries used mestizaje as a racial ideology of ability that marked Indigenous inhabitants of the Philippines as lacking in civilization and in need of uplift and rehabilitation Heteronormative able bodied and able minded mixed race Filipinos offered a model and path for assimilation into the US empire In this way mestizaje allowed for supposedly superior

mixed race subjects to govern the archipelago in collusion with American imperialism By bringing disability studies together with studies of colonialism and queer of color critique Cor ez Bolton extends theorizations of mestizaje beyond the United States and Latin America while considering how Filipinx and Filipinx American thought fundamentally enhances understandings of the colonial body and the racial histories of disability The Blood of Government Paul A.

Kramer,2009-07-17 In 1899 the United States having announced its arrival as a world power during the Spanish Cuban American War inaugurated a brutal war of imperial conquest against the Philippine Republic Over the next five decades U S imperialists justified their colonial empire by crafting novel racial ideologies adapted to new realities of collaboration and anticolonial resistance In this path breaking transnational study Paul A Kramer reveals how racial politics served U S empire and how empire building in turn transformed ideas of race and nation in both the United States and the Philippines Kramer argues that Philippine American colonial history was characterized by struggles over sovereignty and recognition In the wake of a racial exterminist war U S colonialists in dialogue with Filipino elites divided the Philippine population into civilized Christians and savage animists and Muslims The former were subjected to a calibrated colonialism that gradually extended them self government as they demonstrated their capacities The latter were governed first by Americans then by Christian Filipinos who had proven themselves worthy of shouldering the white man s burden Ultimately however this racial vision of imperial nation building collided with U S nativist efforts to insulate the United States from its colonies even at the cost of Philippine independence Kramer provides an innovative account of the global transformations of race and the centrality of empire to twentieth century U S and Philippine histories **American Imperialism, Anthropology and Racial Taxonomy in the Philippines, 1898-1946** Nur Dayana Binti Mohamed Ariffin,2019 **Dangerous Intercourse** Tessa

Winkelmann,2023-01-15 In **Dangerous Intercourse** Tessa Winkelmann examines interracial social and sexual contact between Americans and Filipinos in the early twentieth century via a wide range of relationships from the casual and economic to the formal and long term Winkelmann argues that such intercourse was foundational not only to the colonization of the Philippines but also to the longer uneven history between the two nations Although some relationships between Filipinos and Americans served as demonstrations of US benevolence too close sexual relations also threatened social hierarchies and the so called civilizing mission For the Filipino Indigenous Moro Chinese and other local populations intercourse offered opportunities to negotiate and challenge empire though these opportunities often came at a high cost for those most vulnerable Drawing on a multilingual array of primary sources **Dangerous Intercourse** highlights that sexual relationships enabled US authorities to police white and nonwhite bodies alike define racial and national boundaries and solidify colonial rule throughout the archipelago The dangerous ideas about sexuality and Filipina women created and shaped by US imperialists of the early twentieth century remain at the core of contemporary American notions of the island nation and indeed of Asian and Asian American women more generally **U.S. Imperialism and Revolution in the Philippines**
