raison d tre yet their experiences show that they sat at the foot of the country s priorities Petty Tyranny and Soulless Discipline places patients at its centre to explore their daily lives including their admission care treatment discharge and after care or death These narratives drawn from a range of primary sources are contextualised in an historical analysis of how and why a mixture of stagnating and changing knowledge attitudes and ideals affected patients experiences The Lunacy Act 1890 underpinned life in the mental hospitals by setting out their organisation regulation and funding A variety of professionals campaigners for reform central government departments local authorities trades unions and voluntary organisations often with competing agendas influenced what happened to patients There was also new medical knowledge from Britain and beyond This book weaves these strands into a coherent whole to reveal the complexity of mental health provision in the past and enable reflection that might inform debate today **National Union Catalog** ,1980 Includes entries for maps and atlases **The National Union Catalog, Pre-1956 Imprints** ,1968 *Moody's Manual of Investments* John Sherman Porter,1925 American government securities 1928 53 in 5 annual vols v 1 Railroad securities 1952 53 Transportation v 2 Industrial securities v 3 Public utility securities v 4 Government securities 1928 54 v 5 Banks insurance companies investment trusts real estate finance and credit companies 1928 54
