*The Dynamics of Political Communication* Richard M. Perloff, 2025-07-17 This fully updated fourth edition continues to provide comprehensive coverage of communication and politics again focusing on the way politics and media impact democracy. The book explores the intersection between politics and communication drawing from leading scholarship in communication, political science and political psychology. It describes the nature of today's political media, political socialization, key media effects such as agenda setting and framing, myths, biases and facts in political news, political advertising and presidential debates. This edition includes new and expanded discussions of free speech and misinformation on social media, presidential rhetoric, the 2022 and 2024 election campaigns and the January 6th investigation narrative. It also examines international examples such as the Ukraine War, populism in Hungary and Turkey, Russian propaganda and TikTok. The book is ideally suited for upper level undergraduate and graduate political communication courses in communication, journalism and political science programs. This edition again features online resources with links to relevant news articles, videos or other online materials. [Mike Bloomberg](#) Joyce Purnick, 2009-09-22 A biography of the business mogul, former New York City mayor and 2020 democratic presidential candidate. Mike Bloomberg has repeatedly defied the standard models for success. He has never won a crowd over with his speaking prowess. Rooms do not hush with anticipation when he enters. Celebrity stalkers do not haunt him. But his unparalleled achievements drip with the dynamism that his public persona lacks. His penchant for problem solving and impressive ability to chart his own path has led to his great success as a business genius, self-made billionaire and influential mayor. In this brilliant biography, former New York Times columnist and editor Joyce Purnick unravels this great American enigma from his childhood in the suburbs of Boston to his rise on Wall Street and the creation of Bloomberg L.P. to his mayoral record and controversial campaign trail for a third term.

[The Transformation of Foreign Policy](#) Gunther Hellmann, Andreas Fahrmeir, Miloš Vec, 2016 An historically wide ranging new approach to the study of foreign policy.

**Social Problems** Eric Bonds, 2014-06-05 This short book lays out a new definition for what constitutes a social problem: the violation of a group's human rights, which are understood as commonly upheld standards about what people deserve and should be protected from in life. Evaluating U.S. society from an international human rights perspective, Bonds also stresses that human rights are necessarily political and can therefore never be part of a purely objective exercise to assess wellbeing in a particular society. His approach recognizes that there is no one single interpretation of what rights mean and that different groups with differing interests are going to promote divergent views, some better than others. This book is ideal for undergraduate sociology courses on social problems.

as well as courses on social justice and human rights     **Educational Change and the Political Process** Dana L. **Mayors and the Challenge of Urban Leadership** Richard M. Flanagan,2004-11 Big city mayors rank among the most powerful and colorful politicians in America Yet few books focus on the leadership challenges the occupants of the office face Mayors and the Challenge of Urban Leadership examines twelve case studies of mayoral leadership in seven cities from the New Deal era to the beginning of the 21st century The prospects for mayoral success or failure are driven by how mayors manage the fit between political commitments and the broader patterns of political competition City Hall powerhouses like Richard J Daley of Chicago 1954 76 David Lawrence of Pittsburgh 1946 58 Tom Bradley of Los Angeles 1973 83 and Robert F Wagner of New York 1954 65 came to power in times of political crisis They realigned politics in their cities to reinvigorate municipal government and bolster their power In contrast mayors with less redoubtable reputations like Mayors Sam Yorty of Los Angeles 1961 73 Dennis Kucinich of Cleveland 1977 79 Jane Byrne of Chicago 1979 83 and Frank Rizzo of Philadelphia 1972 1980 were outsiders who lost their battles to challenge powerful political coalitions in their cities The new breed mayors of the 1990s among them Rudy Giuliani of New York Dennis Archer of Detroit and Ed Rendell of Philadelphia used modern campaign and governing techniques and scored surprising policy and political victories as a result Mayors and the Challenge of Urban Leadership concludes with a discussion of Mayor Michael Bloomberg of New York elected in the

aftermath of the 9 11 attacks as an exemplar of the modern style of governing big cities in the 21st century
