Times and Temperatures are approximate and are to be used as guideline only.

For most accurate cooking, a **meat thermometer** should be used.

Any pan or utensil that can go into a regular oven can go into the Nu-Wave Oven.

When cooking most food items, **turn over** at halfway point to ensure even browning.

When using dry seasonings on frozen food, apply a non-stick cooking spray or wet with water first so seasonings will adhere.

The use of **oven mitts** is recommended.
