

# What You Absolutely Need to Know To Pass the NYS Living Environment Regents Exam

The LE Exam consists of approximately 75 questions worth a total of 85 points. The exam is broken down into 4 parts:

Part A: General knowledge multiple choice questions (20 points)

Part B: A mix of multiple choice and short answer, dealing with the application of knowledge. So far, Part B has always required students to draw a line graph. (15 points)

Part C: Short answer questions dealing with your ability to apply material learned in the course to real world situations. (15 points)

Part D: Multiple choice and short answer, pertaining to the 4 NYS labs performed during the school year. (15 points)

The state requires all answers to be recorded in such a way that they can not be tampered with. As such, all answers on the test must be written in permanent pen, and mistakes may not be "scribbled out."
