Collections Of My Best And Most-Hated, "A Cup O' Kapeng Barako" Writings Jesse Jose, 2013-02-12 The time frame of these stories collected in this book written in my column A Cup O' Kapeng Barako has a span of four years The beginning chapters began in the year of 2012 when President Barack Obama was campaigning for his re election ending in the final chapters when Obama in year 2008 ran for the presidency of the United States But this book is not solely or merely about my opinions on politics It's also about my take on current events and my Barako thoughts on people and things that affected me personally This book also contained conversations with people through emails who came into my life during those four years Some of those conversations were heated and hated but some were also tender and kind But beneath them all laughter abounds For I write my column primarily for fun meant only to be read by friends and comrades and fellow Barakos If at times I get corny or my Pilipino English gets atrocious they are puns intended untended and unintended as in batu batu sa langit tamaan wag magagalit For my mainstream readers and friends that means stones stones thrown up in the air don't get mad if they fall on your hair As y all can see I am a wanna be humorist dyoking a lot Some stories in this book also contained glimpses of my personal life portions of which are also hilariously funny but tender and expressing love in places Okey ngarud happy reading Dear Readers JJ

*Obama's America* Carl Pedersen, 2009-04-14 The year 2008 will be remembered as the moment when the US elected its first African American president This revealing book seeks to place the extraordinary rise of Barack Obama within the larger context of a possible historic political realignment in the US and of limits to US power in the world For 2008 also offered a number of history lessons that will surely inform studies of the election and its aftermath Carl Pedersen's book is an attempt to engage with these history lessons It examines the demographic changes that will likely change the nature of American national identity And it assesses the extent to which the

grassroots organizations that were crucial in winning the election for Obama may influence the way he will govern the nation Obama's America also attempts to map out the contours of an Obama Doctrine in foreign policy by looking at how his identity has shaped his views on the role of the US in the world and how he in turn has been influenced by his foreign policy advisers It examines the challenges Obama faces in confronting a post American world in which the US is no longer the sole superpower Will Obama be a transformative president The Obamas: Portrait of America's New First Family Essence Communications, Inc, 2009-03-10 Combines speeches by Barack Obama from his announcement that he was running for president to his inaugural address with articles from Essence on his family and his historic campaign photographs and quotations from voters **Special Issue on the Historic Election of President Barack Obama**, 2009 **Obama's Political Saga** Mary L. Rucker, 2013-07-11 Many conservative extremists have argued that Obama was advancing a socialist agenda immersing himself in African American radicalism and pushing big government liberal policies during his first term The Republican Party we once knew has been pushed to the extreme right and has rendered itself unwilling to compromise with the first African American president in order to credit him with any degree of success The Party's chief goal was to take back the White House in the 2012 presidential election by any means necessary to push their radical agenda as some have boldly stated With the help of Republican governors in certain swing states the Republican Party knew it had a chance to win the White House by passing voter suppression ID laws Consequently from white church pulpits to the political arena conservative radicals have divided the American electorate and have played on the irrational apocalyptic fears of many that Obama will destroy the exceptional nature of America Conservative radicals have shaped our national debate and have driven our discourse with eliminationist and racialized rhetoric against the Obama presidency Consequently many anti Obama narratives have hit the bookstores and have consumed the intellectual life of an overly suspicious low information general public where many lack the critical and political thought about ways they need to know to emancipate themselves from destructive prevailing ideologies Obama's Political Saga serves as a counter narrative to the paranoid politics of anti intellectual and anti science radicals and hopefully provides a reasonable discussion about Obama's political saga in his first term These anti Obama narratives have resurrected themselves from the Jim Crow era influencing a segment of the conservative base to believe that equal rights for African Americans other Americans of color and women would threaten the social order by diminishing white male privilege Therefore we need counter narratives to help us engage in genuine political and intellectual debate about the first African American president and his legacy *Obama* Carole Boston Weatherford, 2010 A picture book biography of President Barack Obama with excerpts from his speeches *The Age of Deficits* Iwan W. Morgan, 2009 This first historical study of U S budget policy covering the last three decades places the budget at the center of modern American politics and adds an important dimension to the understanding of recent events Milestone Documents in African American History: 1965-2009 Paul Finkelman, 2010 The four volume set covers more than 130 iconic

primary source documents from the Revolutionary era to the present day Each entry offers the full text of the document in question as well as an in depth analytical essay that places the document in its historical context Among the documents included in the set are Revolutionary era standards such as Patrick Henry s Liberty or Death speech the Declaration of Independence and the Constitution Important presidential sources include Thomas Jefferson s first inaugural address Abraham Lincoln s Gettysburg Address Franklin Roosevelt s speech following the attack on Pearl Harbor John F Kennedy s 1963 address on integration and George W Bush s address on September 11 2001 Influential decisions of the Supreme Court are also included from Marbury v Madison to Brown v Board of Education to Bush v Gore Critical documents related to minority rights are also present Andrew Jackson s message On Indian Removal the Seneca Falls Declaration Martin Luther King Jr s I Have a Dream Speech and the Equal Rights Amendment Publisher s website     **The Economist** ,2008     **The New York Times Magazine** ,2008     *Newsweek* ,2007     **The News** ,2009     The Atlantic Monthly ,2008     **Newsweek** Raymond Moley,Samuel Thurston Williamson,Malcolm Muir,Rex Smith,Joseph Becker Phillips,2007     U.S. News & World Report ,2008     **New Statesman** ,2009     *Prospect* ,2009     *The House Magazine* ,2009
