Objective Prescriptions And Other Essays:

Objective Prescriptions and Other Essays Richard Mervyn Hare, 2023 This collection of R M Hare's essays in moral philosophy span the whole range of his ethical interests from the most abstract to the most down to earth *Naturalism and Constructivism in Metaethics* Sofia Bonicalzi, Leonardo Caffo, Mattia Sorgon, 2014-04-11 In this collection of essays several authors belonging to different generations and philosophical traditions discuss ample ethical and metaethical issues together with their relations to questions of applied ethics The volume provides a wide account of some of the main topics in these fields thus dealing with nearly everything that human beings hold as valuable Expert scholars and young researchers contribute to this virtual symposium reframing the current philosophical debates about the definition and the history of the concept of Naturalism the different declinations of Kantian Constructivism the functioning of Rational Choice Theory the complex role played by Neuroscience in redefining the contours of ethical theories and bioethics the puzzles of Deontic Logic and the bases of Animal Ethics Divided into three sections presented by comprehensive introductions by Sofia Bonicalzi Leonardo Caffo and Mattia Sorgon the present collection includes contributions by Martina Belmonte Michele Borri Luciana Ceri Guglielmo Feis Matteo Grasso Andrea Lavazza Sarah Songhorian and Francesca Vitale Each author develops a distinctive and independent position while critically engaging with the central themes of contemporary reflection This new major study will benefit moral philosophers philosophers of science and scientists concerned with bioethics while at the same time stimulating and challenging anyone who is curious about the nature and the origins of ethical and metaethical enquiries

Ethics and the Media Stephen J. A. Ward, 2011-09-15 This book is a comprehensive introduction to media ethics and an exploration of how it must change to adapt to today's media revolution Using an ethical framework for the new mixed media ethics taking in the global interactive media produced by both citizens and professionals Stephen J A Ward discusses the ethical issues which occur in both mainstream and non mainstream media from newspapers and broadcast to social media users and bloggers He re defines traditional conceptions of journalistic truth seeking objectivity and minimizing harm and examines the responsible use of images in an image saturated public sphere He also draws the contours of a future media ethics for the new mainstream media and puts forward cosmopolitan principles for a global media ethics His book will be invaluable for all students of media and for others who are interested in media ethics *Philippa Foot's Moral Thought* John

Hacker-Wright, 2013-10-24 An accessible introduction to the moral philosophy of Philippa Foot widely regarded as one of the leading moral philosophers of the 20th century

Natural Goodness Philippa Foot, 2003-10-02 Philippa Foot has for many years been one of the most distinctive and influential thinkers in moral philosophy Long dissatisfied with the moral theories of her contemporaries she has gradually evolved a theory of her own that is radically opposed not only to emotivism and prescriptivism but also to the whole subjectivist anti naturalist movement deriving from David Hume Dissatisfied also with both Kantian and utilitarian ethics she claims to have isolated a special form of evaluation that predicates goodness and

defect only to living things considered as such she finds this form of evaluation in moral judgements Her vivid discussion ranges over topics such as practical rationality erring conscience and the relation between virtue and happiness ending with a critique of Nietzsche s immoralism Natural Goodness is the long awaited exposition of a highly original approach to moral philosophy representing a fundamental break away from the assumptions of recent debates Foot challenges many prominent philosophical arguments and attitudes hers is not however a work of dry theory but full of life and feeling written for anyone intrigued by the deepest questions about goodness and human life This beautifully written book offers a new beginning for moral philosophy Essays in Moral Skepticism Richard Joyce,2016 This volume draws together Richard Joyce s work from the last decade on moral skepticism the view that there is no such thing as moral knowledge Joyce s radical view is that in making moral judgments speakers attempt to state truths but that the world isn t furnished with the properties and relations necessary to render such judgments true **Legal Norms and Normativity** Sylvie Delacroix,2006-10-05 This book offers a genealogical explanation of law s normativity The term genealogical conveys a commitment to a non metaphysical type of enquiry While it explains how law as a normative phenomenon comes about it does not seek to ground law s normativity in anything but the context of social interaction giving rise to it Legal normativity is brought about on a daily basis Whether in revolutionary circumstances or in the quotidian need for judges lawmakers or citizens to balance law s demands with those of morality or prudence our ability to bind ourselves through law ultimately depends on our capacity to articulate a better way of living together and to commit ourselves to it These efforts of assessment and articulation depend in turn on our conception of normative agency Assert the need to trace the truth of ethical judgments to some independent moral facts conditioning their objectivity and you will get a different understanding of what it is we are doing when we dispute law s authority in the name of moral values Tracing the truth of moral judgements back to our own social practices not only affects the nature of disagreement it also dramatically increases our responsibility when as lawmakers judges or citizens we take the law into our own hands and confront it with our moral expectations *Essays on Medicine: Being an Investigation of Homoeopathy and Other Medical Systems* William Sharp (M.D.),1874 Philosophical Inquiry ,1999 Essays on medicine William Sharp,1874 Proceedings of the British Academy, Volume 124. Biographical Memoirs of Fellows, III Professor P.J. Marshall, CBE, FBA,2005-01-20 Volume 124 of the Proceedings of the British Academy contains 19 obituaries of recently deceased Fellows of the British Academy *The British National Bibliography* Arthur James Wells,2000 **British Philosophers, 1800-2000** Philip Breed Dematteis,Peter S. Fosl,Leemon B. McHenry,2002 Essays on British philosophers engaged with philosophical topics and struggling with what came to be known as empiricism rationalism naturalism natural theology and liberalism **The Practice of Medicine by Women. An Essay ... Reprinted from "The Fortnightly Review" ... With Postscript and Appendix** Sophia Jex-Blake,1876 *The Philosophical Review* ,1999 An Essay on rectal medication William Bodenhamer,1878 *British Medical Journal* ,1873 *Advances in Criminological Theory* ,1989

Crítica ,1999

Information Resources Management Journal ,2001
