## **Paulus In Griechenland:**

*Paulus in Griechenland* Otto F. A. Meinardus, 1978      **Early Christianity in Athens, Attica, and Adjacent Areas** Cilliers Breytenbach, Elli Tzavella, 2022-11-14 This volume focuses on Christianity in Attica and its metropolis Athens from Paul's initial visit in the first century up to the closing of the philosophical schools under the reign of Justinian I in the sixth century. Underscoring the relevance of epigraphic resources and the importance of methodological sophistication in analysing especially archaeological evidence, it readdresses many questions on the basis of a larger body of evidence and aims to combine literary epigraphic and archaeological evidence in order to create the outlines of a narrative of the rise and development of Christianity in the area. It is the first interdisciplinary study on the local history of Christianity in the area.

**The Practice of Hope** Néstor Oscar Míguez, 2012-06 In *Not Like Those Who Have No Hope* Nestor O. Míguez brings the insights of historical critical study and political analysis together with incisive theological reflection. Taking on European philosophical interpretations of Paul, the North Atlantic consensus regarding social stratification in the Pauline churches, and the distortions of rapture theology, Míguez situates Paul's mission in the political context of Roman Thessalonica and reads his first letter in engagement with Latin American realities. The result is a surprising rediscovery of Paul as an organic intellectual for whom hope is always a socially concrete reality.
