**The Oxford Handbook of Sport and Society**

Lawrence A. Wenner, 2022 The Oxford Handbook of Sport and Society is the premier comprehensive and interdisciplinary work for readers looking to understand key areas of inquiry about the role and impacts of sport in contemporary culture

Through fifty seven chapter treatments from leading international scholars on sport's impact on key aspects of our lives the Handbook is essential reading for any reader trying to understand the outsized ways in which sport has become more than a game

Corruption in Sport Lisa A. Kihl, 2017-12-15 Corruption in the sport industry is a pervasive issue that threatens the integrity of sport as an institution From doping and match fixing to money laundering corruption should be a concern to anybody interested in sport policy management governance or ethics This is the first book to explore the complexity of sport corruption in terms of its conceptualisation causes consequences and reform The first part looks at the concept of sport corruption while the second examines the causes of sport corruption from individual organisational industry wide and longitudinal viewpoints The third part discussed is the consequences of sport corruption and its impact on the global sport industry Various approaches to regulatory reform are considered in the next part as well as the challenges of combatting corruption in the sport industry The final part assesses the current state of literature in this area and suggests opportunities for future research Drawing on multidisciplinary case studies from across the world this is a seminal contribution to the academic study of corruption in sport It is important reading for all students and scholars of sport management business criminology and law

Restoring Trust in Sport Catherine Ordway, 2021-04-19 In this solutions focused collection of sport corruption case studies leading researchers consider how to re-establish trust both within sports organisations and in the wider sporting public Inspired by the idea of moral repair the book examines significant corruption cases and the measures taken to reduce further harm or risk of recurrence The book has an international scope including case study material from Europe Asia Africa Australia and New Zealand and covers important contemporary issues including whistleblowing bribery match fixing gambling bidding for major events and good governance It examines the loss of trust at both national and international levels Drawing on cutting edge research the book includes both on field and off field examples from Olympic non Olympic professional and amateur sports as well as diverse academic and practitioner perspectives Offering an important contribution to current debates and a source of reflection on best professional practice Restoring Trust in Sport helps us to better understand why corruption happens in sport and how it can and should be addressed This is invaluable reading for all advanced students researchers managers and policy makers with an interest in integrity in sport sport ethics sport management sport governance sports law and a useful reference for anybody working in criminology business and management law sociology or political science

*Magazines for Libraries* William Armstrong Katz, 2003

*History and Philosophy of Sport and Physical Activity* R. Scott Kretchmar, Mark Dyreson, Matt Llewellyn, John Gleaves, 2023-07-26 History and Philosophy of Sport and Physical Activity Second Edition With HKPropel Access seamlessly blends the historical and philosophical dimensions of the study of human movement The text follows a chronology of human movement from our origins as hunter gatherers to the present offering philosophical and ethical analyses alongside explorations of cultural shifts that have emerged from different ethnic racial gender and national traditions The second edition of History and Philosophy of

Sport and Physical Activity is ideal for instructors who teach history and philosophy in a single course. Each chapter provides a historical scaffolding that leads into philosophical discussions about the issues raised. The text eschews dense blocks of text in favor of accessible writing and an interactive student experience. Updates to the latest edition include expanded coverage of diversity, equity, and inclusion topics; a deeper exploration of epistemology; a discussion of alternate forms of physical activity; and new material about the ethics of research. Contemporary topics of discussion such as the Exercise Is Medicine (EIM) movement, athlete biodata collection, and transgender and nonbinary athletes in sport are thoroughly explored. Discussion questions and study questions at the end of each chapter challenge students to reflect on the course material and share their ideas. Historical profile sidebars throughout the chapters allow students to gain greater insight into historical figures and events. Throughout the text, students are prompted to access related online activities in HKPropel. These short exercises connect philosophical inquiry to historical events and modern-day issues and serve as important tools for improving students' reasoning skills. Instructors are supported with a comprehensive instructor guide that includes sample responses to the downloadable student exercises, section references for the downloadable study questions, and sample discussion and assignment prompts related to the discussion questions. The instructor guide also includes ideas and instructions for semester-long student projects.

**History and Philosophy of Sport and Physical Activity, Second Edition** presents a thorough integration of philosophy and history, capitalizing on the strengths of both disciplines. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.

*The Philosophical Athlete* Heather Lynne Reid, 2002. All athletes experience victory and defeat, but how many truly learn from the experience of sport? For ancient Greek philosophers, sport was an integral part of education. Today, athletics programs remain in schools, but we face a growing gap between the modern sports experience and enduring educational values. This book seeks to bridge that gap by advocating a philosophical approach to the sports experience. Combining issues and ideas from traditional philosophy with contemporary analyses of sport and applied thinking activities, this book invites athletes to learn about life from their experience of sport. The text works its way from internal reflection to social interaction by addressing four important topics: self-discovery, responsibility, respect, and citizenship. This sequence is important because authentic self-knowledge is an essential foundation for effectively dealing with the personal and social challenges faced by philosophical athletes. Reid discusses specific issues such as violence, racism, and performance-enhancing drugs in their relevant contexts, although philosophical athletes focus on the big picture, approaching each issue from a complete vision of themselves, their moral commitments, and their social roles. Athletes as diverse as the teenage college recruit and the aging weekend warrior will gain insight into their sports experience and into their lives. This philosophical approach maximizes what we can learn from sport and gives us the best chance for leading better lives because of it.

**Philosophy of Sport** Alun Hardman, Carwyn Jones, 2010-09-13. The book *Philosophy of Sport: International Perspectives* represents the work of some of the leading moral and philosophical academics in the popular

practice of sport All contributors are scholars and researchers in the area of the Philosophy of Sport a growing area of serious study within universities and colleges across the world The contributors are also active members of the International Association for the Philosophy of Sport a worldwide organisation dedicated to the development of the philosophy of sport as a serious and influential area of academic study The book adds to the growing literature which focuses on rigorously examining the global significance that sport plays in the fabric of twenty first century life Articles within the book provide a diverse set of ideas related to sport from more familiar issue related to the ethics of performance enhancing substances and fair play to issue of nationalism and the way sport can contribute to human well being *Philosophy of Sport* Emily Ryall,2016-07-14

Accessible and comprehensive guide to the philosophy of sport providing students with an overview of the main issues ideas and literature The book offers a wide ranging and engaging exploration of key concepts topics and questions Students are given the opportunity to consider significant debates in the philosophy of sport and each chapter contains short insightful interviews with eminent scholars in order to give a broader understanding of the history and development of the subject The main themes covered within this text include the nature of sport and its relation to play and games sport and the body aesthetics and the aesthetic value of sport a consideration of fair play rules and the ethos of sport the nature of competition the application and effect of technology on sport and introductions to contemporary ethical issues such as doping violence disability nationalism elitism and sexual equality as well as a broader reflection on the connection between sport and moral development Pedagogical features include suggestions for further reading and additional resources a glossary of philosophical terms and helpful summaries of the focal material Pragmatism and the Philosophy of Sport John Kaag,Douglas Anderson,Richard Lally,2012-10-26

Pragmatism and the Philosophy of Sport explores the philosophical significance of sport the phenomenological experience the training coaching and the competition from a uniquely pragmatic angle of vision The philosophical insights of John Dewey William James C S Peirce Jane Addams and Josiah Royce shed new light on the meaning of the physical practices that take place on our soccer fields national arenas backyards and playgrounds Interestingly a close examination of these contemporary practices allows us to understand a wide array of ethical epistemological and metaphysical commitments that the American pragmatic tradition has articulated for more than a century Pragmatism s insistence that truth be embodied in the practical consequences of everyday life its balancing of communal and individual purposes its emphasis on the role of chance and spontaneity in experience resonate with the findings of modern kinesiology and sport science Introduction to the Philosophy of Sport Heather Reid,2022-09-29

This comprehensive text examines the history significance and philosophical dimensions of sport Introduction to the Philosophy of Sport second edition is organized to reflect the traditional division of philosophy into metaphysical ethical epistemological and political issues while incorporating specific concerns of today s athletic world such as technology violence and professionalism The second edition features expanded sections on social categories including race gender and disability sport

in schools and collegiate sports Each chapter includes discussion questions and the book features a comprehensive glossary

Philosophic Inquiry in Sport William J. Morgan, Klaus V. Meier, 1995 This substantially revised text provides the most comprehensive philosophical work available about the nature structure meaning and significance of sport play and games Philosophic Inquiry in Sport Second Edition encompasses the major and sometimes controversial issues in sport philosophy and provides a balance of analytical and critical essays that reflect a broad range of philosophical perspectives This second edition features 22 new articles by leading sport philosophers 32 influential and classic essays from the first edition and expanded coverage of current topics such as drugs and gender equity issues and how each relates to sport Reader s guides at the beginning of most parts provide overviews and address key points and arguments of each essay Detailed summaries at the end of each part explain the central arguments of the essays and their commonalities and differences Philosophic Inquiry in Sport Second Edition attains a level of sophistication and substance that makes it a valuable reference not only for sport philosophers but also for every person who wishes to examine the significance of sport and the serious issues associated with it in our society Both professionals and students will find this book to be the most comprehensive and up to date text available on sport philosophy

*Knowing the Score* David Papineau, 2017-05-04 A tour de force that provides fresh insight not only into the nature of sport but cooperation the mind altruism teamwork leadership tribalism and ritualism It s a book that every sports fan should read and every sports writer should absorb Matthew Syed David Papineau s book is an important contribution to our thinking about sports society psychology and moral philosophy But it is also much more than that Gripping from start to finish it is a terrific read full of humour and good sense You don t even have to like sports to enjoy it Ian Buruma Why do sports competitors choke How can Roger Federer select which shot to play in 400 milliseconds Should foreign born footballers be eligible to play for England Why do opposing professional cyclists help each other Why do American and European golfers hate each other Why does test cricket run in families Why is punching tolerated in rugby but not in soccer These may not look like philosophical questions but David Papineau shows that under the surface they all raise long standing philosophical issues To get to the bottom of these and other sporting puzzles we need help from metaphysics or ethics or from the philosophy of mind or political philosophy as well as numerous other philosophical disciplines *Knowing the Score* will be an entertaining fact filled and erudite book that ranges far and wide through the sporting world As a prominent philosopher who is also an enthusiastic amateur sportsman and omnivorous sports fan David Papineau is uniquely well placed to show how philosophy can illuminate sporting issues By bringing his philosophical expertise to bear he will add a new dimension to the way we think about sport

Sporting Reflections Heather Sheridan, Leslie Howe, Keith Thompson, 2007 Part of the Sport Culture and Society series this book aims to illuminate the contribution of philosophy of sport to the understanding of contemporary sport It addresses some of the different fields of philosophy and their application in philosophy of sport including aesthetics ethics philosophy of education and more

**Routledge Handbook of the**

**Philosophy of Sport** Mike McNamee, William Morgan, 2015-03-05 The Routledge Handbook of the Philosophy of Sport is a landmark publication in sport studies It goes further than any book has before in tracing the contours of the discipline of the philosophy of sport and in surveying the core themes approaches and theories that form its disciplinary fabric The book explores the ways in which an understanding of philosophy can inform our understanding of important prevailing issues in sport Edited by two of the most significant figures in the development of the philosophy of sport Mike McNamee and Bill Morgan and with contributions from many of the world's leading sport philosophers this is an invaluable companion reference volume for any course in the social scientific study of sport and an essential addition to the bookshelf of any serious scholar of the philosophy and or ethics of sport

**Emotion in Sports** Yunus Tuncel, 2018-08-31 Emotion is central to human character infiltrating our physiological functions and our mental constitution In sport athletes feel emotion in specific ways from joy to anger and despair This is the first book to examine emotion in sport from a philosophical perspective building on concepts developed by ancient Greek and modern philosophers For instance how is Aristotle's concept of catharsis applied to the sports field How about power as advanced by Nietzsche or existentialism as discussed by Kierkegaard Emotion in Sports explores the philosophical framework for the expression of emotion and relates it to our psychological understanding from the perspective of both athlete and spectator A fascinating and useful read for students researchers scholars and practitioners in the fields of sport sciences philosophy and psychology

**Sport and Art** Andrew Edgar, 2013 Sport and Art is a study of the relationship between sport art and philosophy It argues that sport like art should be understood as an important culture practice through which human beings struggle to come to terms with such philosophical and metaphysical concerns as fate chance and human free will This book was published as a special issue of Sport Ethics and Philosophy

**Philosophy of Sport: Core Readings - Second Edition** Jason Holt, 2022-09-26 This second edition of Philosophy of Sport Core Readings provides an overview of core topics in the field ranging from fundamental questions about the nature of sport to ethical issues at the forefront of discussions of what sport should be On the nature of sport readers will gain a solid understanding of fundamental theories of games play and sports as well as sport epistemology the esports controversy and sport aesthetics Topics in the ethics of sport include performance enhancing drugs cheating gamesmanship and sportsmanship This edition has been updated and expanded to include sections on gender and race and to provide broader and deeper coverage of this rapidly evolving area

**A Philosopher Looks at Sport** Stephen Mumford, 2021-05-20 Introduces the reader to a host of philosophical topics found in sport exploring the place of sport in our lives
