The Death of Money James Rickards, 2014-04-03 Part of a veritable golden age for smart books on the current state of the global economy Politico A fast paced and apocalyptic look at the financial future Financial Times Financial expert investment advisor and New York Times bestselling author James Rickards explores how the international monetary system has collapsed three times in the past and warns that another collapse is rapidly approaching and why this time nothing less than the institution of money itself is at risk The US dollar has been the global reserve currency since the end of the Second World War If the dollar fails the entire international monetary system will fail with it But Washington is gridlocked and America's biggest competitors China Russia and the Middle East are doing everything possible to end US monetary hegemony In *The Death Of Money* James Rickards offers a bracing analysis of the fundamental problem money and wealth have become ever more detached Money is transitory and ephemeral wealth is permanent and tangible While wealth has real value worldwide money may soon be worthless And who will be the real victims Small investors Fortunately it is not too late to prepare for the coming death of money In this riveting book James Rickards shows us how A valuable contribution to our economic discourse Forbes

Handbook on the Geographies of Money and Finance Ron Martin, Jane Pollard, 2017-03-31 The aim of this timely work which appears in the wake of the worst global financial crisis since the late 1920s is to bring together high quality research based contributions from leading international scholars involved in constructing a geographical perspective on money Topics covered include the crisis the spatial circuits of finance regulation mainstream financial markets banking equity etc through to the various alternative and disruptive forms of money that have arisen in recent years It will be of interest to geographers political scientists sociologists economists planners and all those interested in how money shapes and reshapes socio economic space and conditions local and regional development

Money Without Boundaries Thomas J. Anderson, 2019-08-21 Discover how blockchain will facilitate a new currency that will transcend space and time Largely inspired by *The Denationalization of Money* by Friedrich Hayek *Money Without Boundaries* ideological foundation is also inspired by economists and thought leaders like Milton Friedman and Irving Fisher advancements in capital markets over the past 50 years and the convergence of old and new technologies Author Thomas J Anderson explains how blockchain acts as the filter and the glue making it all possible Compared with other currencies blockchain managed money markets are more straightforward and transparent It is easier to monitor understand and assess the quality of their full faith and credit *Money Without Boundaries* shows how not only money but also the process of borrowing and lending will evolve to be conducted in a 100% trusted secure transparent open architecture environment Anderson begins with a history of money and discusses the rise of cryptocurrency concluding with a comparison of decentralized money markets to all other alternatives *Money without Boundaries* Demonstrates how blockchain technology allows full transparency Explains how blockchain makes it possible for money to be fully commoditized Explains how this fully market based decentralized self regulating system has vast

implications throughout the global financial system Shows how everyone will benefit when they have the opportunity to compete on full faith in credit If you are interested in cryptocurrency money monetary theory or understanding how the applied uses of blockchain technology will change your everyday life this is essential reading

The Road to Ruin James Rickards, 2016-11-15 The bestselling author of *The Death of Money* and *Currency Wars* reveals the global elites dark effort to hide a coming catastrophe from investors in *The Road to Ruin* now a National Bestseller A drumbeat is sounding among the global elites The signs of a worldwide financial meltdown are unmistakable This time the elites have an audacious plan to protect themselves from the fallout hoarding cash now and locking down the global financial system when a crisis hits Since 2014 international monetary agencies have been issuing warnings to a small group of finance ministers banks and private equity funds the U S government s cowardly choices not to prosecute J P Morgan and its ilk and to bloat the economy with a 4 trillion injection of easy credit are driving us headlong toward a cliff As Rickards shows in this frightening meticulously researched book governments around the world have no compunction about conspiring against their citizens They will have stockpiled hard assets when stock exchanges are closed ATMs shut down money market funds frozen asset managers instructed not to sell securities negative interest rates imposed and cash withdrawals denied If you want to plan for the risks ahead you will need Rickards s cutting edge synthesis of behavioral economics history and complexity theory It s a guidebook to thinking smarter acting faster and living with the comforting knowledge that your wealth is secure The global elites don t want this book to exist Their plan to herd us like sheep to the slaughter when a global crisis erupts and of course to maintain their wealth works only if we remain complacent and unaware Thanks to *The Road to Ruin* we don t need to be If you are curious about what the financial G tterd mmerung might look like you ve certainly come to the right place Rickards believes and provides tantalizing snippets of private conversations with those who dwell in the very eye in the pyramid that the current world monetary and financial system is on the verge of insolvency and that the world financial elites already have a successor system for which they are laying the groundwork Ralph Benko Forbes

Aftermath James Rickards, 2019-07-23 A Wall Street Journal bestseller Financial expert investment advisor and New York Times bestselling author James Rickards shows why and how global financial markets are being artificially inflated and what smart investors can do to protect their assets The evidence of the past ten years proves that the most devastating financial crisis yet is just around the corner The global elites are ready to protect their wealth Are you In *Aftermath* bestselling financial expert James Rickards sketches the harrowing economic crisis that s right around the corner and identifies the asset classes that are most and least exposed Provocative stirring and full of counterintuitive advice *Aftermath* is the book every smart investor needs to get their hands on as soon as possible
