Practices in Assuring Employee Availability Joel Volinski, National Research Council (U.S.). Transportation Research Board, Transit Cooperative Research Program, 1999 Presents state of the practice information about the various actions transit agencies and other employers have taken to help ensure the availability of quality employees in an increasingly competitive employment environment. It focuses on the practices and policies transit agencies have put in place to help minimize absenteeism at their agencies from which other agencies may find useful applications *Urban Transportation Abstracts*, 1990

Resources in Education, 1984 *Urban Transportation Abstracts*, 1990 **Effective Practices to Reduce Bus Accidents** Transit Cooperative Research Program, Technology & Management Systems, Inc, 2001 This report presents a directory of effective practices used to prevent bus accidents at small medium and large transit systems. Most of the information was obtained from 182 transit systems in the United States and in Canada and from statewide transit insurance pools in six states. The directory is designed to be used by transit management operations and safety personnel

Evaluation of Bus Bulbs Kay Fitzpatrick, National Research Council (U.S.). Transportation Research Board, 2001 This report will be of interest to individuals and groups with a stake in the location and design of bus stops. These groups include public transportation organizations, public works departments, local departments of transportation, developers and public and private organizations along or near bus routes. The research evaluated bus bulbs an innovation in the design of bus stops found in several major North American cities. A bus bulb is a section of sidewalk that extends from the curb of a parking lane to the edge of a through lane. They are also known as curb extensions, nubs and bus bulges **Ace English Language For**
