Metroid Dread Game Guide Jet Koman, 2021-10-11 Another original Metroid side scroller is now available for Nintendo Switch and we're going over some helpful hints to get you started. Metroid Dread is already here and it represents the end of a decades long tale that began with the original Metroid and has been told over the 2D side of the game. It's standard Metroid stuff however whether it's been years since you last played a game in the series or this is your first time, we've got some pointers to help you make the most of your time on planet ZDR. Dread is a difficult game although it's not particularly punitive in many respects. This newly added EMMI foes that have been featured heavily in the game's marketing pose a significant threat to Samus however many thanks to checkpoints which are outside of the zones you occupy a run in with one will only cost you a minute or two at most.
