How to use scaffolding through background knowledge to help students with challenging texts. The best instructional practices to help students increase their range of reading and level of text complexity. Ideas for teaching key concepts such as text structure, point of view, theme, stated and implied meanings and the progression of ideas and characters. Tweaking your assessments to better align with the Common Core. How to create reading check quizzes, unit tests and cold reading tests to see if students are growing as readers. And much, much more.
