Michel Leiris Seán Hand, 2002-08-01 This is the first full length study in English of Michel Leiris's work Frequently cited as a central figure in contemporary French culture Leiris was an outstanding writer whose double career as ethnographer and creative writer places him at important points of intersection within French cultural history Seán Hand explores Leiris's active participation in some of the most striking intellectual and artistic movements of the twentieth century surrealism in the twenties ethnography in the thirties and existentialism in the forties Hand locates his writing in these different contexts in relation to the major artistic political and philosophical concepts of the period He goes on to argue that Leiris's multi-volume autobiography *La Règle du jeu* stands as the model form of self enquiry in the twentieth century More broadly Hand explores Leiris's continuing obsession with the notion of presence Informed by recent critical theories Hand offers a multi-disciplinary approach to this intriguing writer

The Works of Michel Leiris Richard D. E. Burton, 1974

Alter Ego Sean Hand, 2017-12-02 *Alter Ego* is the first monograph in English on the critical writings of Michel Leiris 1901-90 A groundbreaking autobiographer and pioneering ethnographer Leiris also produced important criticism on art opera jazz and literature which acts as a key commentary on twentieth century intellectual movements and demonstrates vividly the constant refashioning and reformulation of contemporary ideas and aesthetics Hand defines and situates Leiris's core themes analyses his criticism in each of the art areas examined and delineates the model that emerges of a contrapuntal and heterogeneous critical identity

Correspondence Georges Bataille, Michel Leiris, 2008 In the autumn of 1924 just before André Breton published the *Manifeste du surréalisme* two young men met in Paris for the first time Georges Bataille 27 starting work at the Bibliothèque Nationale Michel Leiris 23 beginning his studies in ethnology Within a few months they were both members of the Surrealist group although their adherence to Surrealism unlike their affinities with it would not last long in 1930 they were among the signatories of *Un cadavre* the famous tract against Breton the Machiavelli of Montmartre as Leiris put it But their friendship would endure for more than 30 years and their correspondence assembled here for the first time in English would continue until the death of Bataille in 1962 Including a number of short essays by each of them on aspects of the other's work and excerpts on Bataille from Leiris's diaries this collection of their correspondence throws new light on two of Surrealism's most radical dissidents
