Microadventures Local Discoveries For Great Escapes:

Microadventures: Local Discoveries for Great Escapes Alastair Humphreys, 2014-06-05 Enthusiastic pleasingly madcap Geographical Adventure something that's new and exhilarating outside your comfort zone Adventures change you and how you see the world and all you need is an open mind bags of enthusiasm and boundless curiosity Recommended for viewing on a colour tablet Adventure and Society Simon Beames, Chris Mackie, Matthew Atencio, 2018-12-28 This undergraduate textbook provides a broad overview of the ways in which adventurous practices influence and are influenced by the world around them The concept of adventure is one that is too often tackled within subject silos of philosophy education tourism or leisure While much of the analysis is strong there is little cross pollination between disciplines Adventure Society pulls together the threads of these discourses into one coherent treatment of the term adventure and the role that it plays in human social life of the 21st century It explores how these practices can be considered more deeply through theoretical discourses of capitalism identity construction technology and social media risk taking personal development equalities and sustainability As such the book speaks to a broad audience of undergraduate and postgraduate students across diverse subject areas and aims to be an accessible starting point for deeper inquiry **Microtravel** Charles Forsdick, Zoë Kinsley, Kate Walchester, 2024-06-04 The 2020 COVID 19 pandemic imposed immobility on large sectors of the world's population with confinement becoming an everyday reality The lives of those who previously enjoyed the privileges of being fast castes ground to a halt while at the same time the displacement of more vulnerable populations along well established migration corridors has been radically reduced The result has been a recalibration of the scale of journeying with travellers slowing down their journeys and readjusting their relationship to the proximate and nearby This situation has provided an opportunity for those who study travel and travel writing to rethink their objects of study and approaches to them This volume explores and historicizes the phenomenon of microtravel designating slower journeys within a limited radius which allow and sometimes necessitate new forms of experiencing the world *Smart Girls Screw Up Too* Bella Zanesco, 2017-12-11 Own your screw ups get inspired and create the life you want Sick of chasing the perfect relationship career or bank balance Tired of feeling like you're never quite enough You're not alone And it's time to do something about it Smart Girls Screw Up Too is THE no nonsense guide for a generation of women who secretly muse about what might be possible in their careers health and relationships but don't know where to start or are too afraid to When a clusterf k of screw ups found author Bella Zanesco burnt out depressed and with a broken soul she knew something perhaps everything had to change But what Her first ports of call were the usual Band Aids Tinder work and shopping But soon she realised those weren't going to work If she wanted to fix this thing she was going to need to take extreme measures And so she began the journey that would transform her from Sad Girl to Smart Girl a journey that meant taking up all the things that she'd been told were good for her but she had always been too afraid too busy or too lazy to try Cue everything from green juices

to setting boundaries to quitting her job to culling her friends Delivered with no holds barred honesty humour and compassion Smart Girls Screw Up Too brings together the latest research into gut science neuroscience and epigenetics ancient tribal wisdom interviews with global game changers and insights from the author s own two year study of over 2000 women Paired with a Personal Life Audit you will get immediate clarity about where to start when seeking purpose vitality and love And together with Bella the wise but ass kicking bestie you wish you d known earlier you ll embark on a series of simple daily challenges that will not only get you to the root causes of why you think feel and behave as you do but see you making changes that stick No matter what your starting point you are capable of creating the life you want NOW

The Secret World of Weather Tristan Gooley, 2021-05-25 Learn to see the forecast in the hidden weather signs all around you from the New York Times bestselling author of How to Read a Tree and The Lost Art of Reading Nature s Signs In The Secret World of Weather bestselling author Tristan Gooley turns his gaze up to the sky bringing his signature brand of close observation and eye opening deduction to the fascinating world of weather Every cloud every change in temperature every raindrop every sunbeam every breeze reveals something about our weather if you know what to look for Before you know it you ll be able to forecast impending storms sunny days and everything in between all without needing to consult your smartphone But The Secret World of Weather goes far beyond mere weather prediction changing the very way we think about weather itself Weather is not something that blankets an area rather it changes constantly as you walk through woods or turn down a street The weather is never identical on two sides of a tree or even beneath it Take for example Gooley s remarkable discovery that breezes accelerate beneath a tree To Gooley this is weather a tiny microclimate that explains why people sit beneath a tree to cool down not only for the shade but subconsciously for cooler breeze And so Gooley shows us not only what the weather will be like five days from now but also what to expect about the weather around every corner By carefully observing the subtle interplay of wind cloud fog temperature rain and many other phenomena we not only form a deeper understanding of weather patterns but also unlock secrets about our environment Weather forms our landscape and landscape forms our weather Everything we see in the sky reflects where we are When we learn to read weather s signs Gooley shows us the weather becomes our map revealing to us how it has made our towns cities woods and hills what they are You ll never see your surroundings the same way again

My Microadventures Leo Vollgeherzt, 2019-03-04 Just out in the nature Camping in the town park by bike overnight in the next big city hiking to the place of childhood with the canoe taking a very different perspective on the landscape Where time is lacking for great experiences in far off lands the concept of microadventure also lets you escape from everyday life and enjoy nature Let s face it who knows the nature and wilderness in its local area REALLY This fill in album allows you to write down the hopefully numerous small excursions and unconventional short experiences and to capture them in writing and pictures So you can later restore the feeling you had during the microadventure by looking at the information about the experience and the glued photos and reminiscing The

happy moments in the night under the open sky on the hill of neighboring village or the hike to the hidden champions under the nearby forests can be reminded so sustainable A must have for every nature lover and deceleration oriented urban dweller and therefore ideally suited as a gift Please feel fully cuddled Yours Leo Vollgeherzt
