## **Mohammad Morsi Biography:**

**Campaign Professionalism during Egypt's 2012 Presidential Election** Dalia Elsheikh, 2018-04-09 This book presents the first analytical study of the levels of professionalism of campaigns in the 2012 Egyptian presidential elections. It considers the extent to which the election was professionalised and how far the levels of professionalism impacted the democratisation process of Egypt. It provides the story of the five main campaigns by applying the professionalisation index to analyse their structures, hardware and strategies, software. The book also evaluates the application of the professionalization index to nascent democracies and the impact of campaign professionalism on such democracies. The book encourages further studies within similar fragile democratic systems as well as offering campaigners practical guidance when approaching future elections.

**The Islamists** Nafi, Basher M., 2017-08-09 Today's Islamists are not a reproduction of an ancient legacy but are modern political actors defined by modern discourses, argues Basheer Nafi in *The Islamists*. He examines the emergence and development of political Islam in the twentieth century and the beginning of the twenty-first century, discussing the historical context within which political Islam arose and relating it to the social movements and political parties that lead the phenomenon today. On questions concerning the state, economics and law, the differences among Islamists are no less than their agreements. Nafi eases out some of these agreements and differences relating to governance, citizenship, pluralism, unity, revivalism and truth. This very accessible work, intended for both an academic and general audience, highlights these matters by examining the groups and individuals that constitute the broad category of political Islam, considering how they have developed over time and how they have impacted on the countries in which they operate.

**Biography** Remy Hefter, 1951 **Reconstructing a Shattered Egyptian Army** Youssef Aboul-Enein, 2014-06-15 Central to CDR Youssef Aboul Enein's career has been the mission to introduce America's military leaders to Arabic works of military significance. Just like American military leaders who had an obsession for all things Russian during the Cold War in order to understand the Soviets, the war on al Qaida and the complex nuances of the Arab Spring demand a deeper comprehension of the Middle East from direct sources. The memoirs of General Mohamed Fawzi, Egyptian War Minister from 1967 to 1971, were first published in 1984 but his work has not been translated and remains undiscovered by English-speaking readers. Many in the United States Armed Services have yet to be introduced to his ideas, perspectives and the seeds by which the 1973 Yom Kippur War were laid. In this new contribution to his series of essays written for *Infantry Journal*, Aboul Enein has determined to bring to life the military thoughts of this Arab War Minister. This book is a joint Infantry Naval Institute Press project that has condensed the entire collection of essays on Fawzi to a single volume to provide future generations of America's military leaders with access to his ideas. Fawzi is unique among Arab generals for his scathing critique of his own armed forces and from his critical examination of what went wrong in 1967, he was able to slowly resurrect the Egyptian Armed Forces to a level

that enabled Sadat to consider an offensive in 1973 This Egyptian general will provide insights into the level of Soviet cooperation and military aid provided Egypt after the 1967 Six Day War known simply in Arabic by one word al Naksah the setback not to be confused with the 1948 Arab Israeli War known by one word al Nakbah the catastrophe While Fawzi lapses into conspiracy indulges in wishful thinking and employs the language of pan Arabism on occasion much like Soviet military theorists couched their ideas in Marxist Leninist rhetoric this will not stop serious American students of war from recognizing his brilliance about the lessons learned from the crushing defeat of Egyptian arms in the 1967 Six Day War
