Risk Management, Strategic Thinking and Leadership in the Financial Services Industry Hasan Dincer, Ümit Hacıoğlu, 2016-12-19 This book presents a broad overview of risk management in the banking industry with a special focus on strategic thinking and decision making It reveals the broader context behind decision models and approaches to risk management in the financial industry linking the regulatory landscape for capital management and risk to strategic thinking together with behavioral and cultural assessments

ECMLG 2022 18th European Conference on Management, Leadership and Governance Florinda Matos, 2022-11-10 **The Cultural Differences of Expanding Platform-based Businesses in China and Russia** Jakob Reisinger, 2022-10-19 Bachelor Thesis from the year 2022 in the subject Economics International Economic Relations grade 1.0 FH O Standort Steyr University of Applied Sciences Upper Austria language English abstract The main objective of this bachelor thesis is to try to identify how cultural differences might affect the running of platform based businesses in Russia and China Moreover this thesis attempts to offer a rationalization for bringing up new businesses in the respective countries Aspects such as the main driving forces behind the imbalance faced today between the two respective markets will be investigated and its possible link to the respective culture will be discussed The rise of the internet in the 1990s changed the business world to a great extent A wave of new business models overtopped the economy one of them the so called platform based business model A platform based business connects the customers directly with the traders operating as a modern middleman Especially C2C markets consumer to consumer marketplaces where the platform operates as a middle man between two independent private parties have increased in popularity However since then a world without platform based businesses seems unimaginable as this business model affects all markets including B2B business to business and B2C business to consumer Corporations like Amazon Google Facebook and Alibaba are just a few of examples to illustrate the impact this business model created on everyday life Especially to Millennials and Gen Z these companies serve as an attractive labor source and their outputs are used by them on a daily basis Although the impact of this business model is universal there are cultural distinguishing factors regarding expanding these businesses among countries The thesis at hand tries to investigate the cultural differences in expanding a platform based business in China and Russia

Sustainable Cultural Management Łukasz Wróblewski, Ana Gaio, Ellen Rosewall, 2019-12-06 The connections between culture and sustainability have been in the public agenda since the 20th century However whilst global sustainability programmes at international institutional levels are yet to recognise the role of culture in their sustainability policies the bid albeit failed in the early 2000s to formally add culture to the trilogy of sustainability pillars economic social and environmental mobilised a new discourse for the reframing of cultural policy narrative which in turn urged a reassessment of methods of cultural management reflecting the same concerns among the sector's grassroots The idea of sustainability and culture working together and their envisioned role in future proofing society and human development captured the

imagination of cultural commentators policy makers and practitioners alike keen to fulfil these principles out there in cultural organizations and events mega and small in cities and regions local and global The papers in this Special Issue reflect this appeal This publication covers a wide selection of issues related to sustainable cultural management which means that it can be recommended to a varied audience First of all it can be recommended to managers experienced in cultural management where success is measured more by the degree of mission accomplishment and the social benefits achieved rather than by profit Another group comprises the employees of cultural organizations who want to improve their knowledge of sustainable cultural management This Special Issue can also be recommended to artists researchers students state and local government employees founders and patrons of art and all those who want to understand the importance of sustainable cultural management
