Online Dare Disappoint Growing Up Turkey:

Soggettività, identità nazionale, memorie Bertuccelli, Fulvio, 2018-03-13 Questo volume si propone di indagare le ragioni per cui in Turchia la memoria individuale e la costruzione della soggettività intese in senso lato debordino così spesso dai confini dell'individuo per inglobare le problematiche dell'identità nazionale. Le scritture del sé che siano confessioni, memorie, romanzi autobiografici e biografici sono state scelte quali strumenti per giungere a comprendere i meccanismi di costruzione della memoria individuale e collettiva. Le problematiche relative alla costruzione della moderna nazione turca con i suoi eventi storici traumatici, gli approcci al tema della memoria da parte dei segmenti esclusi dal discorso dominante ed egemone costituiscono i nuclei tematici centrali attorno a cui si sviluppa la riflessione degli autori. *Gentile Bellini's Portrait of Sultan Mehmed II* Elizabeth Rodini, 2020-09-17 The first book length study on Bellini's famous portrait of Sultan Mehmed II tracing its history from the Ottoman Empire to the present day. Dare to Believe! Terence Ascott, 2021-05-06 Dare to Believe is the breathtaking story of someone who has followed Jesus lead through civil wars and unrest, arrests and deportation as he sought to effectively use media in support of the life work and witness of the church in the Middle East and North Africa. The book journeys from the publication of a Christian newsstand magazine for the Arab world to the birth of the region's first Christian satellite and online television services attracting millions of viewers from all faith backgrounds and ages unlike Christian television as we may have seen it in the West. Readers will discover and be encouraged by dynamic and courageous Christian communities in the Arab world, Iran and Turkey, some of whom date the founding of their churches back to the first century and how God provides for his children and his ministry even through difficult times. Bingo Capitalism Kate Bedford, 2019-09-26 Casinos are often used by political economists and popular commentators to think critically about capitalism. Bingo, an equal chance numbers game played in many parts of the world, is overlooked in these conversations about gambling and political economy. Bingo Capitalism challenges that omission by asking what bingo in England and Wales can teach us about capitalism and the regulation of everyday gambling economies. The book draws on official records of parliamentary debate, case law, regulations and in depth interviews with both bingo players and workers to offer the first socio legal account of this globally significant and immensely popular pastime. It explores the legal and political history of bingo and how gender shapes and is shaped by diverse state rules on gambling. It also sheds light on the regulation of workers, players, products, places and technologies. In so doing it adds a vital new dimension to accounts of UK gambling law and regulation. Through Bingo Capitalism Bedford makes a key theoretical contribution to our understanding of the relationship between gambling and political economy, showing the role of the state in supporting and then eclipsing environments where gambling played a key role as mutual aid. In centring the regulatory entanglement between vernacular play forms, self organised membership activity and corporate leisure experiences, she offers a fresh vision of gambling law from the everyday perspective of bingo.
