Indonesia News Service, 1996 *Bezonomics* Brian Dumaine, 2020-05-12. An easy and engaging read. Quite often, though, it is eye-opening. Hugo Rifkind, *The Times*. Does a valuable job of explaining how Amazon sees itself. Financial Times. Amazon is the business story of the decade. Jeff Bezos, the richest man on the planet, has built one of the most efficient wealth creation machines in history. Like a giant squid, Amazon's tentacles are squeezing industry after industry, and in the process, upsetting the state of technology, the economy, job creation, and society at large. So pervasive is Amazon's impact that business leaders in almost every sector need to understand how this force of nature operates and how they can respond to it. Saying you can ignore Jeff Bezos is equivalent to saying you could ignore Henry Ford or Steve Jobs in the early years of Ford and Apple. These titans monumentally changed how we do business, redefining the rules on a global scale. Amazon founder Jeff Bezos is the new disruptor on the block. He has created a 21st-century algorithm for business and societal disruption. He has turned the retail industry inside out, is swiftly dominating cloud computing, media, and advertising, and now has his sights trained on every other domain where money changes hands and business is

transacted But the principles by which Bezos has achieved his dominance customer obsession extreme innovation and long term management all supported by artificial intelligence turning a virtuous cycle flywheel are now being borrowed and replicated Bezonomics is for some a goldmine for others a threat for still others a life shaping force whether they re in business or not Brian Dumaine s Bezonomics answers the fundamental question how are Amazon and its imitators affecting the way we live and what can we learn from them **Parliamentary Debates** New Zealand.
