**Other Careers** Julius A. Roth,1963 A major object of this book is to describe how both patients and physicians develop timetable norms around the treatment process and how they deal with the conflicts that arise between them Those who control the careers of others to some degree must decide upon appropriate times for making changes in those careers and if they deal with many such careers they are under pressure to regularize this process of definition Thus both patients and physicians tend to develop norms about how long given aspects of treatment should take the patients to help them anticipate their future the physicians to help them make reasonable decisions in highly uncertain situations The norms of the patients and physicians sometimes conflict and the two must bargain with one another to resolve their differences Other careers provide ready examples of the same phenomenon **Comprehensive Guide to IBPS Bank PO/ MT Preliminary & Main**
