Investing in Hidden Monopolies

Patrick J. Wierckx, 2025-11-01. Investing in quality companies is often cited as the most reliable way to achieve successful investment returns. However the question remains why do so many investors adopting this approach fail to generate such returns. Many books have been written on investing but only every few generations a book emerges that challenges the way we think about investing. This is such a book. After decades of research into why some companies stay successful while others fail former Head of Equities Patrick Wierckx managed to uncover the answer. Now for the first time he shares his insights in a book that captivates even the most experienced investors. By drawing on his more than 25 years of institutional investment management experience he offers a groundbreaking approach to help investors analyze companies more accurately and achieve successful investment returns. Whether you are a beginning investor or a seasoned professional Hidden Monopolies offers an invaluable resource for every investor who wants to take full advantage of those companies that deliver superior returns over the long term. HIDDEN MONOPOLIES will teach you The secrets to achieving successful investment returns. How to let investments work for you rather than against you. How to effectively analyze a company in a short period of time. How to find hidden gems among companies that are built to last. The timeless principle that underpins enduring business success. How to spot the warning signs hiding behind a company's success. How to predict a company's future success even when data is scarce.
