Mental health promotion during COVID-19: Applications from self-care resources, lifestyles, and environments. Elkin O. Luis, Francisco Ceric, Martín Martínez, Elena Bermejo Martins, 2023-06-23 *Health Promotion Moving Forward* Jody C. Gan, 2024-08-19 Build Skills to Promote Health and Equity in Your Community This timely and forward thinking textbook explores how health promotion can respond to current threats like declining teen mental health, loneliness, vaping, food insecurity, vaccine hesitancy, and more. With a population level approach and an emphasis on the socio-ecological model, it focuses on structural and social determinants of health to support health equity and prevention. Learners will gain skills in health programming, health communication, and community engagement, all essential for impactful careers in public health. Key Features Aligns health promotion strategies with Healthy People 2030 objectives, the latest guidelines and evidence-based interventions at every level of society. Informs students about health behavior change theories and a wide array of health promotion efforts that improve equity and outcomes across populations. Career spotlights and real world case examples give students applied insight into diverse roles and programmatic approaches. Written by dedicated public health educators, college professors, and experts with a clear, accessible voice and real world focus on today's pressing health issues. Instructor Resources include an Instructor's Manual, PowerPoint slides, a Test Bank, and more. **Technology in Physical Activity and Health Promotion** Zan Gao, 2017-05-08 As technology becomes an ever more prevalent part of everyday life and population-based physical activity programmes seek new ways to increase lifelong engagement with physical activity, so the two have become increasingly linked. This book offers a thorough critical examination of emerging technologies in physical activity and health, considering technological interventions within the dominant theoretical frameworks, exploring the challenges of integrating technology into physical activity promotion and offering solutions for its implementation. *Technology in Physical Activity and Health Promotion* occupies a broadly positive stance toward interactive technology initiatives and, while discussing some negative implications of an increased use of technology, offers practical recommendations for promoting physical activity through a range of media, including social media, mobile apps, global positioning and geographic information systems, wearables, active videogames, exergaming, virtual reality settings. Offering a logical and clear critique of technology in physical activity and health promotion, this book will serve as an essential reference for upper level undergraduates, postgraduate students, and scholars working in public health, physical activity and health, and kinesiology and healthcare professionals. **National & International Apple News**, 1988 **News from McIntosh Country**, 1975 **Be Healthy Be Mobile**, 2021-11-08 **Produce News**, 1985-07 **Ohio Cultivator: A Semi-Monthly Journal: Agriculture and Horticulture, and the Promotion of Domestic Industry Vol. XV 1859** S.D.
