Empire of AI Karen Hao, 2025-05-20 A New York Times Notable Book Finalist for the National Book Critics Circle Award An Instant New York Times Bestseller Named a Best Book of the Year by Smithsonian and Scientific American A bestselling page turner that has made waves not just in Silicon Valley but around the world With *Empire of AI* Hao is fundamentally shaping many people's perceptions and understanding of the company at the center of the AI revolution TIME Magazine TIME100 AI 2025 Excellent and deeply reported Tim Wu The New York Times Startling and intensely researched an essential account of how OpenAI and ChatGPT came to be and the catastrophic places they will likely take us Vulture From a brilliant longtime AI insider with intimate access to the world of Sam Altman's OpenAI from the beginning an eye opening account of arguably the most fateful tech arms race in history reshaping the planet in real time from the cockpit of the company that is driving the frenzy When AI expert and investigative journalist Karen Hao first began covering OpenAI in 2019 she thought they were the good guys Founded as a nonprofit with safety enshrined as its core mission the organization was meant its leader Sam Altman told us to act as a check against more purely mercantile and potentially dangerous forces What could go wrong Over time Hao began to wrestle ever more deeply with that question Increasingly she realized that the core truth of this massively disruptive sector is that its vision of success requires an almost unprecedented amount of resources the compute power of high end chips and the processing capacity to create massive large language models the sheer volume of data that needs to be amassed at scale the humans cleaning up that data for sweatshop wages throughout the Global South and a truly alarming spike in the usage of energy and water underlying it all The truth is that we have entered a new and ominous age of empire only a small handful of globally scaled companies can even enter the field of play At the head of the pack with its ChatGPT breakthrough how would OpenAI resist such temptations Spoiler alert it didn't Armed with Microsoft's billions OpenAI is setting a breakneck pace chased by a small group of the most valuable companies in human history toward what end not even they can define All this time Hao has maintained her deep sourcing within the company and the industry and so she was in intimate contact with the story that shocked the entire tech industry Altman's sudden firing and triumphant return The behind the scenes story of what happened told here in full for the first time is revelatory of who the people controlling this technology really are But this isn't just the story of a single company however fascinating it is The forces pressing down on the people of OpenAI are deforming the judgment of everyone else too as such forces do Naked power finds the ideology to cloak itself no one thinks they're the bad guy But in the meantime as Hao shows through intrepid reporting on the ground around the world the enormous wheels of extraction grind on By drawing on the viewpoints of Silicon Valley engineers Kenyan data laborers and Chilean water activists Hao presents the fullest picture of AI and its impact we've seen to date alongside a trenchant analysis of where things are headed An astonishing eyewitness view from both up in the command capsule of the new economy and down where the real suffering happens *Empire of AI* pierces the

veil of the industry defining our era **The Stolen Childhood: How AI Is Deleting a Generation's Ability to Think, Feel, and Connect** Alexander Darius, 2025-10-30 You were told it was progress The smart toy that promised to teach your toddler letters The educational app that could occupy them while you cooked dinner The chatbot that helped your teen with their homework You were sold a dream of easier parenting and smarter kids You were sold a lie While you were trying to do what's best for your family a silent and unregulated experiment was being run on your child In *The Stolen Childhood* investigative journalist Alexander Darius uncovers the unspoken truth that Silicon Valley doesn't want you to know the same AI systems marketed as helpful tools are functioning as sophisticated neurological traps systematically dismantling a generation's mental health critical thinking and capacity for human connection This is not another book about too much screen time This is an exposé on a hidden epidemic of developmental sabotage revealing how Friendly AI chatbots have become suicide coaches for lonely teens leading to tragic preventable deaths The school issued laptop your child brings home is likely a 24/7 surveillance device assigning them a secret risk score you'll never see The toys in your own living room are spying on your child harvesting their voice and emotions to build a psychological profile that can be sold AI nudify apps are fueling a schoolyard sexual abuse crisis with teen boys creating deepfake images of their female classmates and your daughter's school photos are all they need You may feel you've sold your child out to the convenience of technology but you couldn't have known the game was rigged Drawing on leaked internal documents gut wrenching stories from parents on the front lines and startling new brain science this book provides what no other has a battle tested chapter by chapter action plan to fight back You're about to discover the one conversation you must have with your son about financial sextortion the specific apps to delete from your daughter's phone tonight and the legal rights you have that can force these companies to change The parent rebellion has begun The choice is yours will you stay on the sidelines afraid of what you might discover or will you join the fight to reclaim your child's future before it's too late This is the one book you can't afford to miss
