The Writer's Market Glenda Tennant Neff, 1989 When you want to sell what you write this is the book you need

The Brand You 50 (Reinventing Work) Tom Peters, 1999-12-15 Michael Goldhaber writing in *Wired* said If there is nothing very special about your work no matter how hard you apply yourself you won't get noticed and that increasingly means you won't get paid much either. In times past you could be obscure yet secure now that's much harder. Again the white collar job as now configured is doomed. Soon Downsizing in the nineties will look like small change. So what's the trick. There's only one distinction. Or as we call it turning yourself into a brand. *Brand You* A brand is nothing more than a sign of distinction. Right Nike, Starbucks, Martha Stewart. The point again that's not the way we've thought about white collar workers ourselves over the past century. The bureaucrat on the finance staff is de facto faceless plugging away passing papers. But now in our view she is born again transformed from bureaucrat to the new star. She works in a professional service firm and works on projects that she'll be able to brag about years from now. I call her him the New American Professional CEO of Me Inc even if Me Inc is currently on someone's payroll and of course of *Brand You*. Step 1 in the model was the organization a department turned into PSF 1.0. Step 2 is the individual reborn as *Brand You*. In 50 essential points Tom Peters shows how to be committed to your craft choose the right projects how to improve networking why you need to think fun is cool and why it's important to piss some people off. He will enable you to turn yourself into an important and distinctive commodity. In short he
