Sleep Hacks Usa:

Your Happiness Was Hacked Vivek Wadhwa, Alex Salkever, 2018-06-26 Wadhwa and Salkever have written a great book to help us understand our addiction to technology and suggest what we can do about it. Andr s Oppenheimer, columnist for the Miami Herald, joint winner of the 1987 Pulitzer Prize. Technology, your master or your friend? Do you feel ruled by your smartphone and enslaved by your email or social network activities? Digital technology is making us miserable, say bestselling authors and former tech executives Vivek Wadhwa and Alex Salkever. We've become a tribe of tech addicts and it's not entirely our fault. Taking advantage of vulnerabilities in human brain function, tech companies entice us to overdose on technology interaction. This damages our lives, work, families, and friendships. Swipe-driven dating apps train us to evaluate people like products, diminishing our relationships. At work, we email on average seventy-seven times a day, ruining our concentration. At home, light from our screens is contributing to epidemic sleep deprivation. But we can reclaim our lives without dismissing technology. The authors explain how to avoid getting hooked on tech and how to define and control the roles that tech is playing and could play in our lives. And they provide a guide to technological and personal tools for regaining control. This readable book turns personal observation into a handy action guide to adapting to our new reality of omnipresent technology. Technology is a great servant but a terrible master. This is the most important book ever written about one of the most significant aspects of our lives: the consequences of our addiction to online technology and how we can liberate ourselves and our children from it. Dean Ornish, New York Times bestselling author of *Undo It*. **Sleeping with the Enemy** Book 3 Ali Parker, 2020-10-02 She's completely off limits or so I'm told. My best friend's little sister. Hot, curvy, and soon to be mine. And to say the least, she's fiery mad. Her brother is willing to sell out their family business to me, and he's right for doing it. I'm a billionaire. Hello. Little did I know that this beautiful vixen is about to jack my world up. There's one trinket I want most in the world for my collection, and guess who just bought it? Right. Her. But I'm down to play her games. I've got aces in my pocket, waiting for the right moment to strike. And when I do, the prize I yearn for isn't a shiny object. It's my girl. She's going to be upset to find herself sleeping with the enemy, but those tables will turn. I'm not after today or tomorrow, but forever. This is Book 3 in a 3-book series.
