## COVER LETTER

Dear Hiring Manager,

Having seen the strides your organization has made in leveraging technology to streamline operations, I recognize the value you place on strategic transformation and the caliber of professionals you enlist to steer these initiatives. My experience aligns seamlessly with your commitment to innovation and sustainable growth.

At Deutsche Bank, I spearheaded the development of two 6,000 sq ft acceleration labs and oversaw the "new ways of working" pilot program, which involved a sweeping organizational and cultural shift. This endeavor not only facilitated a 30% improvement in project collaboration efficiency but also served as a benchmark, replicated bank-wide to enhance the agility and responsiveness of our teams. It was a sophisticated blend of process design, engagement strategies, and governance that underscored my expertise in high-impact business transformation.

I am eager to discuss how my background in driving transformational projects dovetails with the goals of your team. I am confident that my strategic acumen and proven track record can contribute to the continued success of your company. Please consider this letter and the attached resume as an earnest proposal of collaboration, and I would sincerely appreciate the opportunity to further discuss my potential role at an interview.

Sincerely,

JASMINE BELL

When they decided to change careers, they looked for a website to help them escape, except there wasn't one. So they started their own. Three years later, and they have started a movement called Escape the City. Over 100,000 people have joined [www.escapethecity.org](http://www.escapethecity.org) in pursuit of exciting and unconventional careers. They are the first online start-up in the world to raise more than 500,000 in investment equity crowdfunding, and they did this entirely from their own membership. *The Escape Manifesto* is the book that the guys wish

Society of China MCSC that was established to assist with exercising copyright music creators in China remain in need of help to protect and manage their fragmented copyright The MCSC was the first collective management organisation CMO in mainland China and is the only CMO in the field of musical works While there is a large music industry and copyright business in China the MCSC only had 11 356 members at the end of 2021 The third amendment of the Chinese Copyright Law was initiated in 2011 and came into effect in June 2021 after a long debate for almost ten years The discussion of the third amendment has highlighted the controversial topic of collective management of copyright This book explores the adequacy of the MCSC as an intermediary representing rights for music creators The main argument developed in this study is that the work of the MCSC for individual composers and lyricists is hampered by shortcomings in the regulatory regime as well as by a lack of members rights to participate in the management of their own rights and by the ineffective international cooperation between the MCSC and other musical CMOs overseas The analysis is undertaken through a case study approach comparing the collective management systems of music copyright in China the United States and Australia and addressing the question of how musical CMOs operate in these countries Specifically three perspectives are examined the regulatory systems designed to limit the misuse of those CMOs monopoly members rights in the organisations and international cooperation between these CMOs Overall the main findings of this book suggest that the MCSC in China could work more effectively to protect music creators interests In contrast although the operational frameworks of the American Society of Composers Authors and Publishers ASCAP and the Broadcasting Broadcast Music Inc BMI in the United States and the Australasian Performing Right Association APRA in Australia are not perfect models the systems in these two countries may at least provide reference points for potential improvement of the regime of the MCSC The research recommends three courses of action strengthening the regulatory design overseeing the MCSC's monopoly clarifying the relationship between the MCSC and its members while providing the members with the right to manage their own copyright and improving the international cooperation between the MCSC and CMOs in other countries

Want to write the perfect cover letter. But don't have time to read through a 300-page book first. Then *Get It Done* is for you. Here's why it's been a Kindle best-seller for six years in a row: 1. It's fast: The whole book takes about 30 minutes to read. 2. It's to the point: It breaks the cover letter down to 12 parts and gives you a precise template to complete for every single step. 3. It works: I developed this system while serving as a Recruiter for Teach For America. I've since taught it to MBAs as a Career Coach at the University of Michigan, leading to job offers from Apple, GE, Microsoft, Amazon, LinkedIn, and Google. And the system has even been featured in U.S. News. I was just another piece of paper in the deck. Jeremy's beneficial insight to the cover letter was against my traditional understanding. His direct nature and step-by-step guidance proved to be beneficial in my search. I was able to go through the book and develop a brand-new cover letter from scratch in less than an hour. Given the price of the book and the time it takes to go through, there is absolutely no excuse why you shouldn't buy it right now and start fresh in conveying your background to your next employer. *LJ* If you like me hate writing cover letters, then this book is for you. Before reading this book, I was not even using cover letters because I thought they didn't matter and I didn't know what to say. I just sent as many resumes as possible to as many job postings as possible. This book changed my life. It convinced me no doubt one of the most shameless no-cover-letter resume spammers out there to stop and write a cover letter. Plus, Schifeling lays out a series of clear, quick steps that make it easy and anxiety-free. *Jane E.
