Naked Faith The Mystical Theology Of Phoebe Palmer Princeton Theological Monograph Series:

Naked Faith Elaine A. Heath, 2009-01-01 Now and then through the history of the church a great light appears a prophet who calls the church back to its missional vocation These reformers are lovers of God mystics whose lives are utterly given to the divine vision Yet as Jesus noted a prophet is often without honor among her own people In the case of Phoebe Palmer 1807 1874 honor was lost posthumously for within a few decades after her death her name all but disappeared Palmer s sanctification theology was separated from its apophatic spiritual moorings even as her memory was lost Throughout most of the twentieth century her name was virtually unknown among Methodists To this day the Mother of the Holiness Movement still awaits her place of recognition as a Christian mystic equal to Catherine of Siena Teresa of Avila or Therese of Lisieux This book locates Palmer s life and thought within the great Christian mystical traditions identifying her importance within Methodism and the church universal It also presents a Wesleyan theological framework for understanding and valuing Christian mysticism while connecting it with the larger mystical traditions in Catholic Anglican and Orthodox communions While Palmer was a powerful revivalist in her own day in many ways she could be the patron saint for contemporary Methodists who are drawn to the new monasticism and who long for the renewal of the church Saint Phoebe is precisely the one who can help Methodists envision new forms of Christian community mission and witness in a postmodern world

Pentecostalism as a Christian Mystical Tradition Castelo, Daniel, 2017 Informed reassessment of Pentecostalism as a mystical tradition of the church universal Pentecostalism says Daniel Castelo is commonly framed as evangelicalism with tongues or dismissed as simply a revivalist movement In this book Castelo argues that Pentecostalism is actually best understood as a Christian mystical tradition Taking a theological approach to Pentecostalism Castelo looks particularly at the movement s methodology and epistemology as he carefully distinguishes it from American evangelicalism Castelo displays the continuity between Pentecostalism and ancient church tradition creating a unified narrative of Pentecostalism and the mystical tradition of Christianity throughout history and today Finally he uses a test case to press the question of what the interactions between mystical theology and dogmatics could look like Handbook for the Christian Faith James M. Dawsey, 2023-08-15 Is religion disappearing from American life Less than 50 percent of Americans now hold membership in any religious institution and even fewer attend worship services The decline in Christian churches is especially pronounced among the young and cuts across all denominations But for Methodists and like minded Protestants concerns are deeper than shrinking denominational membership Polls show disconcerting ignorance about religious and spiritual matters even among churchgoers Our values as a society are in large measure molded by religion What shape will Protestant Christianity take in the twenty first century And of Methodism And beyond that what kind of community will we be Dawsey proposes returning to the roots of Christianity And with anecdotes and stories and a sweeping grasp of church history he examines those essential practices and beliefs necessary to revitalize American churches Key he argues is rediscovering Christianity as a philosophy of

living John Wesley characterized the practice of religion as first doing no harm second doing good and third keeping the ordinances of faith Loving God and God s creation the doing of Christianity marks the path for becoming the churches and individuals Christians were called to be New Sacred Writing and Charisma Claudia Jetter,2025-03-10 Mid nineteenth century America was a vibrant period marked by charismatic leaders who produced new sacred writing This book explores the lives and works of Mormon founder Joseph Smith Jr Methodist revivalist Phoebe Palmer and Transcendentalist Ralph Waldo Emerson focusing on how their textual productions contributed to a diverse discourse community grappling with a perceived loss of religious authority It identifies shared motifs and practices these modern prophets employed to establish new carriers of religious authority Claudia Jetter examines the concept of religious authority highlighting the dynamic ascription processes between charismatic leaders and interactive social communities within the historical context of nineteenth century America **The 1857 Hamilton, Ontario Revival** Sandra L. King,2015-07-07 Hundreds of people were converted leading to significant church growth in an 1857 revival led by Phoebe Palmer in the city of Hamilton Ontario Canada that contributed to the beginning of the Second Great Awakening This book explores the 1857 setting in the world and in Hamilton including the key churches and people involved in the revival What happened was not typical for revival meetings led by the Palmers as this account shows The book continues with a summary of the impact of the Hamilton revival around the globe linking it to other revivals and the Second Great Awakening as a whole The account ends with what subsequently unfolded in the Hamilton area and the churches involved Many of the primary sources are in the Appendix and the book includes numerous pictures and maps Scholars ministers and lay people alike will appreciate this exploration of a chapter in Canada s spiritual history **Old or New School Methodism?** Kevin M. Watson,2019-03-04 Old or New School Methodism argues that the expulsion of preacher B T Roberts from the Methodist Episcopal Church and the subsequent formation of his Free Methodist Church represent a crucial moment of transition in American Methodism Kevin Watson contends that more emphasis should be given to the theological commitments that have made American Methodism distinctive and have been the cause of divisions over the past century and a half This book fills a major gap in the study of American Methodism from the 1850s to 1950s
