final destination This volume provides a detailed history of the excavation followed by definitive studies of the amphora cargo and the pottery associated with shipboard life Some of the amphora stamps suggest that the ship sank between 294 and 291 BC dates corroborated by the cabin wares The repetition of four drinking cups kantharoi oil containers gutti wine measures olpai as well as bowls and saucers suggests that the ship was sailed by a crew of four Seven bronze coins were recovered five minted in the name of Alexander the Great and one well known type of Ptolemy I produced only on Cyprus Octopus!
