Off The Leash Eighty Seven Days Of Office Terror:

Off the Leash: Eighty-Seven Days of Office Terror Alisha Mitchell, 2012-06-07 A few years ago I was hired for a job that I thought would be an exciting and well paying opportunity It turned out to be a nightmare like no other and when it was finally over I knew I couldn't keep it a secret Here's a sneak peek at my new book *Off the Leash Eighty Seven Days of Office Terror* I know you will enjoy it *Off the Leash Eighty Seven Days of Office Terror* is a humorous and dramatic true story about a group of workers who are brought together under curious circumstances When a strange new manager is hired things quickly go from bad to worse Soon a sinister agenda begins to reveal itself and each person must decide what to do and whom to trust before it's too late

The War on Terror and the Laws of War Geoffrey S. Corn, 2015 Many years after the United States initiated a military response to the terrorist attacks of September 11th 2001 the nation continues to prosecute what it considers an armed conflict against transnational terrorist groups Understanding how the law of armed conflict applies to and regulates military operations executed within the scope of this armed conflict against transnational non state terrorist groups is as important today as it was in September 2001 In *The War on Terror and the Laws of War* seven legal scholars each with experience as military officers focus on how to strike an effective balance between the necessity of using armed violence to subdue a threat to the nation with the humanitarian interest of mitigating the suffering inevitably associated with that use Each chapter addresses a specific operational issue including the national right of self defense military targeting and the use of drones detention interrogation trial by military commission of captured terrorist operatives and the impact of battlefield perspectives on counter terror military operations while illustrating how the law of armed conflict influences resolution of that issue This Second Edition carries on the critical mission of continuing the ongoing dialogue about the law from an unabashedly military perspective bringing practical wisdom to the contentious topic of applying international law to the battlefield
