Missing Time A Documented Study Of Ufo Abductions:

Missing Time Budd Hopkins,1981 This book tells how the people who are believed to have experienced UFO abductions retained no memory of them yet under hypnosis many abductees were able to recall in vivid convincing detail the harrowing experiments that left mysterious scars on their bodies the eerie interiors of UFOs where they were held captive and the astonishing faces of their alien hosts The stories of seven victims of these otherworldly intruders are told here in detail at once dispassionate and dramatic fully supported by documentation Missing Time Budd Hopkins,1988 The arrival of extraterrestrial visitors is one of the most momentous events of our time In Intruders Budd Hopkins explored the shocking truth about the contact between earthling and alien that human beings are temporarily abducted and taken aboard UFOs But Hopkins could not have told the stories of those victims without first having discovered the one experience common to all who report alien encounters the phenomenon known as missing time Missing time tells how the people who have experienced abductions retained no memory of them all traces of the trauma were effectively erased from their memory Yet under hypnosis many abductees were able to recall in vivid convincing detail the harrowing experiments that left mysterious scars on their bodies the eerie interiors of UFOs where they were held captive and the astonishing faces of their alien hosts The stories of seven victims of these otherworldly intruders are told her in detail at once dispassionate and dramatic fully supported by scientific documentation They are stories that could belong to anyone your neighbors your loved ones even you

UFOs and Abductions David Michael Jacobs,2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon UFOs Karl Svozil,2023-08-01 Unidentified phenomena in space in the Earth s atmosphere and in waters are too important to leave their exploration to the military and scientific laypersons Their proper scientific study is important for a variety of reasons in particular scientists and the public at large need to know the basic facts to be informed about the way evidence is recorded and to understand the difference been reliable evidence and fiction as well as between plausible explanations and fantasy With this objective the book surveys the history of UFO observations the variety of recorded phenomena and recounts the efforts of investigative commissions and their published findings Although wild rumors are demystified in the process this is not an exercise in rumor bashing An open and at the same time critical mindset is the key Many narratives and hypothesis appear implausible relative to our present state of knowledge but this alone should not lead to their outright exclusion Thus the author also pays attention to UFO sightings that have so far eluded explanation in terms of known physics or meteorology Here the reader will encounter some of the more speculative but scientifically tenable proposals for example relating to sudden zigzag motion without apparent inertia or recognizable propulsion yet always with a clear guide to their plausibility Last but not least the book outlines plans and suggestions for
