THIS IS A TRIBUTE TO THE OFFICERS IN THE POLICE OF THE WORLD THAT DO THE RIGHT THING STARTING WITH THE CHICAGO POLICE DEPARTMENT Why the Police Should be Trained by Black People Natasha C. Pratt-Harris, 2022-04-25  
Why the Police Should be Trained by Black People aligns scholarly and community efforts to address how Black people are policed. It combines traditional models commonly taught in policing courses with new approaches to teaching and training about law enforcement in the U S all from the Black lens. Black law enforcement professionals seasoned and retired scholars, community members, victims, and others make up the contributors to this training textbook written from the lens of the Black experience. Each chapter describes policing based on the experience of being Black in the US with concern about the life and life chances for Black people. With five sections, readers will be able to describe the history and theory of law enforcement, policing and society in Black communities, critically address how law enforcement and the nature of police work intertwine with race-based societal and governmental norms and within law enforcement administration and management, understand the variation in pedagogy, recruitment, selection and training that has impacted the experience of police officers including Black police officers and Black people in the US, explore the role of law enforcement as crime control and crime prevention agents as it relates to policing in Black communities and for Black people, address issues related to race and use of force, misconduct, the law, ethics, values, assess research, contemporary issues and the future of law enforcement and policing especially related to policing of Black people. Why the Police Should be Trained by Black People brings pedagogical and scholarly responsibility for policing in Black communities to life, revealing that police involved violence, community violence and relative lived experiences do not exist in a vacuum. Written with students in mind, it is essential reading for those enrolled in policing courses including criminology, criminal justice, sociology or social work as well as those undertaking police academy and in-service police training. *The Case for Youth Police Initiative* Nina Rose Fischer, 2020-06-01  
This book investigates the Youth Police Initiative (YPI) intervention with a comprehensive look at its effects in Boston as well as Brownsville, Brooklyn, a neighborhood that has both rich community networks as well as the highest crime rate in New York City. Based on a phenomenological approach, *The Case for Youth Police Initiative: Interdependent Fates and the Power of Peace* offers first-person narratives of youth police and community members in Brownsville as the YPI program was put into action. Police shootings and other negative exchanges between community members and the police have brought heightened awareness to the volatile relations between communities and police. The North American Family Institute began the YPI in Baltimore in 2003 with the ambition of keeping vulnerable youth away from arrests, gangs, guns, violence and death. The program has been replicated in several communities in the United States and beyond. The focus of YPI training is to address the dual challenge of teaching youth the skills to resolve daily conflicts with authority while also

teaching police officers to have meaningful dialogue with young people The voices of the stakeholders reveal changes in attitudes and actions from before during and after YPI s implementation A comprehensive illustration of the intervention s arc provides the reader with an in depth textured perspective of what it takes to prevent pernicious eruptions of tension between police and the community they are charged to serve and protect YPI s success in addressing tensions between youth and police in Boston and Brownsville Brooklyn maps out a blueprint for progress in other communities Suitable for scholars and researchers in juvenile justice law enforcement psychology and social work as well as practitioners on the front lines The Case for Youth Police Initiative will provoke dialogue on best practices for changing the volatile climate between police and the youths in their communities **FBI Law Enforcement Bulletin** ,1974 **Juvenile Justice** Frank
