**Secret Empires** Peter Schweizer, 2019-03-26 1 New York Times Bestseller Peter Schweizer has been fighting corruption and winning for years In Throw Them All Out he exposed insider trading by members of Congress leading to the passage of the STOCK Act In Extortion he uncovered how politicians use mafia like tactics to enrich themselves And in Clinton Cash he revealed the Clintons massive money machine and sparked an FBI investigation Now he explains how a new corruption has taken hold involving larger sums of money than ever before Stuffing tens of thousands of dollars into a freezer has morphed into multibillion dollar equity deals done in the dark corners of the world An American bank opening in China would be prohibited by US law from hiring a slew of family members of top Chinese politicians However a Chinese bank opening in America can hire anyone it wants It can even invite the friends and families of American politicians to invest in can t lose deals President Donald Trump s children have made front pages across the world for their dicey transactions However the media has barely looked into questionable deals made by those close to Barack Obama Joe Biden John Kerry Mitch McConnell and lesser known politicians who have been in the game longer In many parts of the world the children of powerful political figures go into business and profit handsomely not necessarily because they are good at it but because people want to curry favor with their influential parents This is a relatively new phenomenon in the United States But for relatives of some prominent political families we may already be talking about hundreds of millions of dollars Deeply researched and packed with shocking revelations Secret Empires identifies public servants who cannot be trusted and provides a path toward a more accountable government Strategic Finance, 2006-07
