Edition provides the knowledge necessary to implement or enhance a compliance program in a specific company or in a client's company. The book focuses not only on doing what is legal or what is right; the two are both important but not always the same, but also on how to make a compliance program actually work. The book is organized in a sequence that follows how to approach a compliance program. It gives the compliance officer, consultant, or attorney a good grounding in the basics of compliance law. This includes such things as the rules about corporate and individual liability, an understanding of the basics of the key laws that impact companies, and the workings of the U.S. Sentencing Guidelines. Successful programs also require an understanding of educational techniques, good communication skills, and the use of computer tools. The effective compliance program also takes into account how to deliver messages using a variety of media to reach employees in different locations, of different ages or education, who speak different languages. Note: Online subscriptions are for three-month periods.

*Ethics and Business* Paul C. Godfrey, Laura E. Jacobus, 2022-12-22. *Ethics Business: An Integrated Approach for Business and Personal Success* 1st Edition. International Adaptation gives students the practical knowledge and skills to identify ethical dilemmas, understand ethical behavior in themselves and others, and advocate for ethical behavior within their organization. The course focuses on three ethical questions: the individual, the organization, and the societal perspective. These questions and views explore different areas of business ethics, such as the use and abuse of power, challenges to honesty and integrity, and participation in ethical interventions such as reporting, repair, forgiveness, and reconciliation. Most business ethics courses are based on a single point of view. Depending on the viewpoint, this might be based on philosophical theory, organizational behavior, or a legal and regulatory compliance approach. As an author team, we combine and integrate these

points of view into a unified whole by incorporating unique content original videos and adaptable case studies to assist students in making ethical decisions in their professional and personal lives This International Adaptation explores different areas of business ethics such as the use and abuse of power challenges to honesty and integrity and participation in ethical interventions such as reporting repair forgiveness and reconciliation Every chapter now includes new questions to help readers test their understanding of the subject There is also new mini cases that are contemporary and more relevant to the global scenario
