[The Bluebeam Guidebook](#) Rachel Attebery, Jason Hascall, 2018-03-27 Expert tips for the last piece in the paperless puzzle The Bluebeam Guidebook offers comprehensive coverage of the industry's leading PDF tool to help AEC professionals adopt a more efficient digital workflow. With desktop, mobile, and server based products, Bluebeam makes collaboration and document coordination seamless and provides a perfect complement to BIM software. This book shows you how to push the boundaries and discover the software's true capabilities. Written expressly for working AEC professionals, this book offers tips, tricks, and ideas that cater to industry specific needs. Expert instruction and step by step guidance helps you get started quickly and case studies feature users from firms such as Kiewit, Populus, Sundt Construction, and more, to show you how Bluebeam is quickly becoming a critical component of design and construction. Master the industry's leading PDF software and alternative to Adobe Acrobat. Create, edit, and markup documents in a way that suits the architecture and engineering workflow. Learn how major AEC firms have transitioned seamlessly to digital workflows. Integrate Bluebeam into estimating, quality control, field applications, and more. The days of file boxes and paper reams are quickly coming to a close. The transition to paperless has been a boon for the AEC industry in which collaboration and document sharing is central to getting the job done. BIM has revolutionized the design process and Bluebeam offers that same level of functional innovation for the document side of every project. For AEC professionals seeking a better way to get things done, The Bluebeam Guidebook is your ultimate guide to everything Bluebeam can do for you.

ITNG 2021 18th International Conference on Information Technology-New Generations

Shahram Latifi, 2021-06-04 This volume represents the 18th International Conference on Information Technology New Generations (ITNG 2021). ITNG is an annual event focusing on state-of-the-art technologies pertaining to digital information and communications. The applications of advanced information technology to such domains as astronomy, biology, education, geosciences, security, and health care are among topics of relevance to ITNG. Visionary ideas, theoretical and experimental results, as well as prototypes, designs, and tools that help the information readily flow to the user are of special interest. Machine Learning, Robotics, High Performance Computing, and Innovative Methods of Computing are examples of related topics. The conference features keynote speakers, a best student award, poster award, service award, a technical open panel, and workshops, exhibits from industry, government, and academia. This publication is unique as it captures modern trends in IT with a balance of theoretical and experimental work. Most other work focus either on theoretical or experimental but not both. Accordingly, we do not know of any competitive literature.
