Project Management. How to organize a rentable Music Festival Tobias Stein,2018-09-03 Seminar paper from the year 2016 in the subject Business economics Business

Management Corporate Governance grade 1 7 Anglia Ruskin University language English abstract The role of the project manager in the give case is to make sure that the project team and the contractors deliver an outcome that meets the client s wishes and expectations The given task does not specify any certain outcomes the promoter wants us or our contactors to provide the only goal for him is to host a music festival on the 9th of April in 2016 It is not specified how much profit he expects to make from the festival nor is the information provided which other outcomes he hopes to achieve by hosting this festival The overall goal is to organise a festival which will be successful in terms of financial profit on the one hand and on the other hand will also provide further benefit for the community in the aftermath The festival aims to support local musicians and give them an opportunity to perform in front of a large audience to extent their publicity Most of the music festival s profit will be used to support schools in the area by giving away new instruments for their music classes The promoter will get 20% of the profit but in return he will gain positive publicity by showing that he cares about the area and the development of the local community

Non-competitive Music Festival, with Combined Or Individual Schools Edmund Priestley,1942 **Music Festivals in the UK** Chris Anderton,2018 The outdoor music festival market has developed and commercialised significantly since the mid 1990s and is now a mainstream part of the British summertime leisure experience The overall number of outdoor music festivals staged in the UK doubled between 2005 and 2011 to reach a peak of over 500 events UK Music 2016 estimates that the sector attracts over 3 7 million attendances each year and that music tourism as a whole sustains nearly 40 000 full time

jobs Music Festivals in the UK is the first extended investigation into this commercialised rock and pop festival sector and examines events of all sizes from mega events such as Glastonbury Festival V Festival and the Reading and Leeds Festivals to boutique events with maximum attendances as small as 250 In the past research into festivals has typically focused either on their carnivalesque heritage or on developing managerial tools for the field of Events Management Anderton moves beyond such perspectives to propose new ways of understanding and theorising the cultural social and geographic importance of outdoor music festivals He argues that changes in the sector since the mid 1990s such as professionalisation corporatisation mediatisation regulatory control and sponsorship branding should not necessarily be regarded as a process of transgressive alternative culture being co opted by commercial concerns instead such changes represent a reconfiguration of the sector in line with changes in society and a broadening of the forms and meanings that may be associated with outdoor music events
