

VERY SHORT INTRODUCTIONS

Paul A Very Short Introduction

Michael Allen, Jonathan A. Linebaugh

Paul A Very Short Introduction:

Paul E. P. Sanders,2001-02-22 Paul is the most powerful human personality in the history of the Church A missionary theologian and religious genius in his epistles he laid the foundations on which later Christian theology was built In his highly original introduction to Paul s life and thought E P Sanders whose research on Paul has substantially influenced recent scholarship pays equal attention to Paul s fundamental convictions and the sometimes convoluted ways in which they were worked out **ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Paul: A Very Short Introduction E. P. Sanders,2001-02-22 Paul is the most powerful human personality in the history of the Church A missionary theologian and religious genius in his epistles he laid the foundations on which later Christian theology was built

Paul E. P. Sanders,1991 Missionary theologian and religious genius Paul is one of the most powerful human personalities in the history of the Church E P Sanders an influential Pauline scholar analyzes the fundamental beliefs and vigorous contradictions in Paul s thought discovering a philosophy that is less of a monolithic system than the apostle s convictions would seem to suggest This volume offers an incisive summation of Paul s career as well as his role in the development of early Christianity Both lucid and judicious it is the most compelling short introduction to Paul now available

Russian History: A Very Short Introduction Geoffrey Hosking,2012-03-29 Geoffrey Hosking discusses all aspects of Russian history from the struggle by the state to control society Russia s relationship with the West Europe the Soviet experience and the post Soviet era

Plague Paul Slack,2021 Throughout history plague has caused some of the greatest periods of hardship for humanity from the Black Death to the Great Plague of London This book explores the causes of plague the presence of plague in art and literature and the lasting impact of the disease on how people and governments behave when threatened by epidemic crises

Eighteenth-Century Britain: A Very Short Introduction Paul Langford,2000-08-10 Part of The Oxford Illustrated History of Britain this book spans from the aftermath of the Revolution of 1688 to Pitt the Younger s defeat at attempted parliamentary reform

The Atmosphere: A Very Short Introduction Paul I. Palmer,2017-03-16 The atmosphere is the thin diffuse fluid that envelops the Earth s surface Despite its apparent fragility the existence of this fluid is vital for human and other life on Earth In this Very Short Introduction Paul Palmer describes the physical and chemical characteristics of different layers in the atmosphere and shows how the interactions

where the atmosphere is in contact with land ocean and ice affect its observed physical and chemical properties He also looks at how movement in the atmosphere driven by heat from the sun transports heat from lower latitudes to higher latitudes and is a fundamental feature of the general circulation in the atmosphere Finally Palmer presents an overview of the types of measurements used to understand different parts of the atmosphere and identifies the future challenges for

atmospheric scientists **ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Archaeology Paul Bahn,2012-08-30 This entertaining Very Short Introduction reflects the enduring popularity of archaeology a subject which appeals as a pastime career and academic discipline encompasses the whole globe and surveys 2 5 million years From deserts to jungles from deep caves to mountain tops from pebble tools to satellite photographs from excavation to abstract theory archaeology interacts with nearly every other discipline in its attempts to reconstruct the past In this new edition Paul Bahn brings the text up to date including information about new discoveries and interpretations in the field and highlighting the impact of developments such as the potential use of DNA and stable isotopes in teeth as well the effect technology and science are having on archaeological exploration

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

A Still More Excellent Way Joseph Durepos,2010-06 In 1 Corinthians 12 31 St Paul exhorts the early Christians in Corinth to follow a still more excellent way The way he is speaking of is love genuine selfless love For Paul the ultimate meaning and perfect

example of this love is found solely in the crucified risen and reigning Christ With unwavering devotion Paul s post conversion life was focused on one goal to point people to Jesus so they too could experience the unsurpassed joy that Paul himself had come to know through his Lord **A Still More Excellent Way** encourages and inspires readers through fifty two brief selections from Paul s writings Each Scripture selection short enough to be easily memorized is followed by a story or meditation that supports the verses And although the apostle Paul evangelized in the first century Roman world author Joseph Durepos uses plenty of twenty first century cultural references to make the material highly relevant for people today

Equally appropriate for personal reflection or small group study **A Still More Excellent Way** is an excellent opportunity for anyone to draw closer to Jesus through the unabashedly Christ centered message of St Paul

SCM Core Text: New Testament Richard Cooke,2013-01-03 An undergraduate textbook for use on modules introducing the New Testament It argues that the New Testament reflects four streams of apostolic tradition reflected in the 4 gospels It includes

bibliographies at the end of each section to guide the reader to the most relevant areas for further research in any given subject area

Universities and Colleges David Palfreyman,Paul Temple,2017-12-15 What is a university What is the University How have universities evolved over the centuries How might they change over the coming decades as the physical and organisational entity most identified with higher education being delivered to over 250 million students What will be the impact of digital and distance learning of commercial for profit new entrants to the higher education market of government

austerity of globalization of student consumerism Exploring the origins and the concept the idea and the ideal of the university this Very Short Introduction discusses one of the world s oldest most resilient and most adaptable institutions David Palfreyman and Paul Temple consider the links between universities and the economy and the role of universities within society Highlighting some of the key questions surrounding the position of universities they ask how the university can be politically accountable for its taxpayer funding if it needs to be autonomous to function effectively as a public good Are professors professional enough in their teaching practices at a time that increasing tuition fees transform students more and more into consumers And just what does academic freedom for university faculties really entail **ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable [Reformation Readings of Paul](#) Michael Allen, Jonathan A. Linebaugh, 2015-09-24 In light of recent interest in whether the Protestant Reformers interpreted Paul correctly this edited volume enables a more careful reading of the Reformers themselves Each chapter pairs a Reformer with a Pauline text and brings together historical theologians and biblical scholars to examine these Reformation era readings of Paul s letters [**The Publishers Weekly**](#), 2006 [**Typography**](#) Paul Luna, 2018-11-15 Typography the art of designing printed words was once the domain of an elite few artists but has become an area with which millions of people engage daily The widespread usage of digital devices from laptops to tablets and smart phones which are used for written communications means that we are regularly asked to make decisions about the fonts sizes and layouts we use in our writing This broadening engagement with the field of typography has led to a perceptible shift from debates about legibility and technicalities to conversations about which fonts best reflect the writer s personality or style In this Very Short Introduction Paul Luna offers a broad definition of typography as design for reading whether in print or on screens where a set of visual choices are taken to make a written message more accessible more easily transmitted more significant or more attractive Considering the development of letterforms and the shapes of letter we use Luna discusses the history behind our modern day letters and fonts before considering the issues behind key typographic decisions and the differences between printed and on screen typography Presenting any piece of typography as a fundamental design choice Luna introduces the options available today and explores the reasons why key typographic decisions are made **ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

[**Practice What You Preach, Preach What You Practice**](#) Ronald Barnes, 2016-11-30 What does it mean to be religious Religious ethical morality is not just a Sunday set aside or a social protocol to conform to peer group expectations nor should religion be used as a refuge of

forgiveness for negative actions that do not change It is important to respect the religion of others even if you do not agree with their teachings However without a basic knowledge of other religions there is no basis for evaluation other than hear say and ignorance which are not rational foundations for evaluation Because the voice of women is diminished by men who devalue the contribution of women or men who attempt to dictate and define what should be the womans role and contribution As a result the world lacks the moral input of women who are considered the moral exemplar for humanity even by many male religious leaders

New Perspectives on Philosophy and Education Gerald Lee Gutek,2009 Leading author Gerry Gutek discusses the major philosophical systems and then applies how these systems and ideologies contribute to educational theory Examines the origen meaning and relevance to teaching and learning New Perspectives on Philosophy and Education is organized into three major parts philosophies ideologies and theories of education Part I examines philosophy and education idealism realism pragmatism existentialism and postmodernism and analyzes their educational implications Part II examines Ideology Nationalism Liberalism Conservatism and Marxism and analyzes their educational implications Part III deals with theory Essentialism Progressivism Social Reconstructionism Critical Theory and Globalization in terms of their meaning for education In drawing out the educational implications of these philosophies ideologies and theories the author places them in the context of education schooling curriculum and instruction Pedagogical aspects include discussion questions topics for reflection and research websites and suggested readings

The New Testament: A Very Short Introduction Luke Timothy Johnson,2010-03-01 As ancient literature and a cornerstone of the Christian faith the New Testament has exerted a powerful religious and cultural impact But how much do we really know about its origins Who were the people who actually wrote the sacred texts that became part of the Christian Bible The New Testament A Very Short Introduction authoritatively addresses these questions offering a fresh perspective on the underpinnings of this profoundly influential collection of writings In this concise engaging book noted New Testament scholar Luke Timothy Johnson takes readers on a journey back to the time of the early Roman Empire when the New Testament was written in ordinary Greek koine by the first Christians The author explains how the Gospels Acts of the Apostles and Revelation evolved into the canon of sacred writings for the Christian religion and how they reflect a reinterpretation of the symbolic world and societal forces of first century Greco Roman and Jewish life Equally important readers will find both a positive and critical reading of the New Testament one that looks beyond its theological orientation to reveal an often surprising diversity of viewpoints This one of a kind introduction engages four distinct dimensions of the earliest Christian writings anthropological historical religious and literary to provide readers with a broad conceptual and factual framework In addition the book takes an in depth look at compositions that have proven to be particularly relevant over the centuries including Paul s letters to the Corinthians and Romans and the Gospels of John Mark Matthew and Luke Ideal for general readers and students alike this fascinating resource characterizes the writing of the New Testament not as an unknowable abstraction or the product of divine

intervention but as an act of human creativity by people whose real experiences convictions and narratives shaped modern Christianity

Jesus and His World - Paul and His World Peter Walker,Stephen Tomkins,2019-03-22 Have you ever wanted accessible introductions to the key figures of Christian history In this book two expert authors draw on biblical scholarship to bring Jesus and Paul and their worlds vividly to life Jesus and His World Jesus Christ is probably the single most influential figure in world history but who was this preacher from Nazareth Can we be sure he existed And if he did what was the world like in which he lived Placing Jesus firmly in the Jewish world of 1st century Palestine Peter Walker explores the religious and social background to his life the Jewish expectations of a messiah Jesus ministry and teaching and helps readers interpret Jesus radical mission and the way he related to the world around him Paul and His World We know little about Paul yet he has had a greater impact on the development of Christianity than any other person except Christ For some his influence has been largely negative For others he is simply the greatest mind in Christian history Stephen Tomkins argues that Paul would have been quite at home with such a mixed reception Despite enjoying a degree of hero worship in his lifetime he was also more reviled than any other Christian and his Christian life was a constant arduous missionary journey of shipwrecks prison mob violence and the depressing politics of church life This is a lively and lucid portrayal of the man behind the controversy and the drama

Christianity: A Very Short Introduction Linda Woodhead,2004-11-25 At a time when Christianity is flourishing in the Southern hemisphere but declining in much of the West this Very Short Introduction offers an important new overview of the world's largest religion Exploring the cultural and institutional dimensions of Christianity and tracing its course over two millennia this book provides a fresh lively and candid portrait of its past and present Addressing topics that other studies neglect including the competition for power between different forms of Christianity the churches uses of power and their struggles with modernity Linda Woodhead concludes by showing the ways in which those who previously had the least power in Christianity women and non Europeans have become increasingly central to its unfolding story

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Elenchus of Biblica Maria J. Schoenmaeckers,Robert Althann,2004-12-20 Le 23 novembre 1964 jour de la promulgation de Lumen Gentium la constitution dogmatique sur l'Eglise marque un evenement c'est la premiere fois dans l'histoire de l'Eglise qu'une assemblée de la Sainte Eglise s'exprime solennellement sur la vie consacrée Le sixième chapitre de la constitution traite de la signification et de l'essence de la vie religieuse la reliant au mystère de l'Eglise peuple de Dieu Ce texte conciliaire présente la vie religieuse comme un état canonique celui du chrétien qui tend dans un institut de perfection à la charité parfaite et consacre sa vie à Dieu et aux hommes par la profession des conseils évangéliques de chasteté pauvreté et obéissance De toute évidence cette déclaration doctrinale est importante pour l'Eglise et pour le

developpement de la vie consacree dans l Eglise En lisant Lumen Gentium on est assez vite frappe par le debut abrupt du sixieme chapitre sur les religieux car tous les autres chapitres s ouvrent par une breve introduction Cependant on ne peut deracher ce chapitre de ce que a ete dit precedemment sur la vocation universelle a la saintete En fait l histoire du texte fait clairement ressortir le lien qui unit ces chapitres

Whispering the Strategies of Language: An Mental Journey through **Paul A Very Short Introduction**

In a digitally-driven earth where screens reign great and instant connection drowns out the subtleties of language, the profound strategies and psychological subtleties hidden within words often go unheard. However, situated within the pages of **Paul A Very Short Introduction** a fascinating literary value pulsing with raw thoughts, lies a fantastic quest waiting to be undertaken. Composed by a skilled wordsmith, this charming opus invites visitors on an introspective trip, softly unraveling the veiled truths and profound impact resonating within the fabric of each word. Within the emotional depths with this moving review, we can embark upon a honest exploration of the book is key subjects, dissect their captivating writing fashion, and succumb to the effective resonance it evokes heavy within the recesses of readers hearts.
