**Reviews of National Policies for Education Chile's International Scholarship Programme** OECD, The World Bank, 2010-09-02 This report reviews Chile's scholarship abroad scheme and provides an overview of best practices for scholarship programmes at the international level. In addition it analyses the design and institutional framework of the Chilean programme and recommends ways to maintain and improve the scheme.

**Mandates and Missteps** Anna Kent, 2024-02-02 **Mandates and Missteps** is the first comprehensive history of Australian government scholarships to the Pacific from the first scheme in 1948 to the Australia Awards of 2018. The study of scholarships provides a window into foreign and education policy making across decades and the impact such policies have had on individuals and communities. This work demonstrates the broad role these scholarships have played in bilateral relationships between Australia and Pacific Island territories and countries. The famed Colombo Plan is here put in its proper context within international aid and international education history. Australian scholarship programs it is argued ultimately reflect Australia and its perception of itself as a nation in the Pacific more than the needs of Pacific Island nations. **Mandates and Missteps** traces Australia's role as both a coloniser in the Territory of Papua and New Guinea and a participant in the process of decolonisation across the Pacific. This study will be of interest to students and scholars of international development, international education and foreign policy.

**Public Diplomacy** Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2006-04-07 The term public diplomacy

relates to activities designed to promote the image and interests of the UK overseas in support of the Government's objectives. The BBC World Service and the British Council are the main government funded bodies involved in public diplomacy activity and in 2004/05 they received 225 million and 172 million of grant in aid respectively. The Committee's report examines the work of these two organisations in light of the recommendations of the review by Lord Carter of Cole, more details available at <http://www.fco.gov.uk/servlet/Front/pagename/OpenMarket/Xcelerate>ShowPageandcPageandcid1007029395249> on the effectiveness of the Government's public diplomacy work published in December 2005. The report makes 31 conclusions and recommendations including the need for the Foreign Office to support an increase in the grant in aid funding for the BBC World Service so that it can introduce other television services such as the Arabic television news service and that although it is appropriate for a Foreign Office minister to chair the new Public Diplomacy Strategy and Performance Management Board to ensure parliamentary accountability this must not be allowed to compromise the editorial independence of the BBC World Service or the operational independence of the British Council.
