**AAII Journal**, 2008      *Rethinking Information Work* G. Kim Dority, 2016-02-22 A state of the art guide to the world of library and information science that gives readers valuable insights into the field and practical tools to succeed in it As the field of information science continues to evolve professional level opportunities in traditional librarianship especially in school and public libraries have stalled and contracted while at the same time information related opportunities in non library settings continue to expand These two coinciding trends are opening up many new job opportunities for LIS professionals but the challenge lies in helping them and LIS students understand how to align their skills and mindsets with these new opportunities The new edition of G Kim Dority's *Rethinking Information Work A Career Guide for Librarians and Other Information Professionals* gives readers helpful information on self development including learning to thrive on change using key career skills like professional networking and brand building and how to make wise professional choices Taking readers through a planning process that starts with self examination and ends in creating an actionable career path the book presents an expansive approach that considers all LIS career possibilities and introduces readers to new opportunities This guide is appropriate for those embarking on careers in library and information science as well as those looking to make a change providing career design strategies that can be used to build a lifetime of career opportunity      The Prudent Professor Edwin M. Bridges, Brian D. Bridges, 2023-07-03 This is a guide for anyone in the academy faculty member administrator or professional staff at whatever point she or he may be along the career path Whether you are a newly minted Ph D landing your first job at mid career or even already retired and concerned about how long your money might last Ed

Bridges offers you a straightforward easy to grasp and structured way to think about money learn how it works understand the priorities for your stage in life determine your objectives and develop a personal plan most likely to achieve them Why a book specifically for those who work in higher education The chances are that your retirement funds are mostly invested in TIAA CREF funds and that the plans created by the different institutions where you have worked or will work impose sometimes conflicting limitations of how you can manage your retirement money This is potentially complex terrain with which many professional financial advisors are unfamiliar This book provides ample guidance for you to manage your retirement funds but if you do prefer to seek professional advice it sets out the criteria for choosing a reliable advisor and may even be a book from which your advisor can benefit if he or she is not fully conversant with TIAA CREF s offerings and the quirks of academic retirement plans What makes this book unique is that Ed Bridges shares with you his self education about the risky business of investing and retirement planning As he writes In schooling myself I adopted the mind set that I had used as a social scientist for the past forty six years I distinguished between fact and opinion and scrutinized the evidence behind every author s claims moreover I searched for research that might corroborate or refute these claims In the process I learned a great deal about the route I should have taken to retirement from the time I accepted my first academic appointment to the time I submitted my intention to retire Join me as I relive my long journey so that you may avoid my wrong turns and succeed in reaching your ultimate destination a worry free retirement despite the risks and uncertainties you will surely face when you retire The book includes simple questionnaires and worksheets to help you determine where you stand and think through your options
