Memory And Covenant Emerging Scholars:

Chronicles and Social Memory Doren G. Snoek ,2025-10-17 **The Dead Sea Scrolls in Ancient Media Culture**
,2023-02-13 Media studies is an emerging discipline that is quickly making an impact within the wider field of biblical scholarship This volume is designed to evaluate the status quaestionis of the Dead Sea Scrolls as products of an ancient media culture with leading scholars in the Dead Sea Scrolls and related disciplines reviewing how scholarship has addressed issues of ancient media in the past assessing the use of media criticism in current research and outlining potential directions for future discussions *Spoken into Being* Søren Lorenzen,2022-10-26 How are names related to the self in the Hebrew Bible Are names simply ornamental or are they tied to the essence of the embodied bearer To answer these questions Søren Lorenzen traces various functions of proper names and explores how the lexeme name is conceptualized as an object to be perceived by the senses With Paul Ricoeur as a dialogical partner the author brings a new perspective on how the self is formed in the intentional relation between persons and names **From 'Mission-Shaped' to 'Jesus-Shaped' Church**
Susan Beverley Cross,2025-03-10 Hospitality is often invoked without question in Church of England discourse but the importance of the practice to contemporary mission has not been subject to detailed analysis This book provides otherwise elusive in depth theological examination of the scope of Christian understandings of hospitality From feasting in the Hebrew Scriptures and foot washing in the New Testament to online Communion during the COVID 19 pandemic hospitality is more than welcome or the evangelistic hospitality of the Alpha Course or Messy Church So this book encompasses racism ageing poverty tragedy storytelling minds bodies and belonging as well as the implications of allying food to Christian formation It shows that Christian hospitality has relevance not only to mission but also to ecclesiology eschatology disability theology and social and ecological justice *Memoir of Moses* A.J. Culp,2019-11-01 Deuteronomy characterizes memory as the key to Israel's covenantal loyalty and commands its cultivation in the generations to come and the book portrays itself as the foundation for this ongoing memory program For this reason Deuteronomy is considered to be an ancient collective memory text However recent scholarship has not focused on the book as a formative agent leaving fundamental questions about the book unanswered Why does Deuteronomy see memory as important in the first place How does it seek to cultivate this memory in the people A J Culp answers these questions by exploring Deuteronomy as a formative memory text and bringing contemporary memory theory into dialogue with biblical scholarship Culp shows that Deuteronomy has tailored memory to its unique theology and purposes a fact that both illuminates puzzling aspects of the text and challenges long held views in scholarship such as those regarding aniconism **Dress and Clothing in the Hebrew Bible** Antonios Finitsis,2021-07-29 Built upon the flourishing study of costume this book analyses sartorial evidence provided both by texts of the ancient Near East and the Hebrew Bible The essays within lend clarity to the link between material and ideological examining the tradition of dress the different types of literature that reference the tradition of garments and the people for whom such literature was

written The contributors explore sources that illuminate the social psychological aesthetic ideological and symbolic meanings of clothing The topics covered range from the relationship between clothing kingship and power to the symbolic significance of the high priestly regalia and the concept of garments as deception and defiance while also considering the tendency to omit or ignore descriptions of YHWH's clothing Following a historical sequence the essays cross reference with each other to create a milestone in biblical sartorial study

The Good Enough Catholic Paul Wilkes, 1997-10-21 Many Catholics face a dilemma how can one be faithful to traditions yet remain open to new discoveries both about yourself and Catholicism In *The Good Enough Catholic* Paul Wilkes plumbs the hunger in Catholic souls for a relationship with God and a spiritual life and boldly confronts the controversial issue of Church authority After each chapter there is an invitation to put into practice what has been explored through a rich mixture of doctrine history current thinking and the personal experiences of good enough Catholics across America With this book Wilkes beckons us to look to the essence of our religion for the guidance and strength to live lives filled with spiritual transcendence

Department of the Interior, 1879 **The Churchman**, 1893 Eva Hesse Vanessa Corby, Eva Hesse, 2010-06-22 In the ten years between 1960 and 1970 German born American artist Eva Hesse produced one of the most compelling art practices of the twentieth century Her death in 1970 has been a profound loss for contemporary art but the creative legacies of her practice continue to impact upon today's artists In this book Vanessa Corby presents a fascinating new analysis that starts from the position of a painter the book develops a novel art historical method to consider the manner in which artistic protocols and processes negotiate and transform culturally mediated historical experience Hesse's encounters with the work of Rico Lebrun the growing cultural significance of *The Diary of Anne Frank* and the capture and trial of Adolf Eichmann are each situated in relation to the artist's processes of picturing in order to supplement and shift current understanding of Hesse's art practice Corby aims to show that the artist's work emerged in parallel with the recognition of the event now

Annual Report of the Commissioner of Indian Affairs, 1879 *House documents*, 1880 *Memory and Covenant* Barat Ellman, 2013 *Memory and Covenant* combines a close reading of the deuteronomic priestly and holiness traditions with analysis of ritual and scrutiny of the different terminology used in each tradition regarding memory Ellman demonstrates that the exploration of the concept of memory is critical to understanding these distinct traditions All three regard memory as a vital element of religious practice and as the principal instrument of covenant fidelity but in very different ways Ellman explores the place and meaning of memory in each of these textual traditions
