A Brief Inquiry into the Meaning of Sin and Faith John Rawls, 2010-05-01 John Rawls never published anything about his own religious beliefs but after his death two texts were discovered which shed extraordinary light on the subject A Brief Inquiry into the Meaning of Sin and Faith is Rawls's undergraduate senior thesis submitted in December 1942 just before he entered the army At that time Rawls was deeply religious the thesis is a significant work of theological ethics of interest both in itself and because of its relation to his mature writings On My Religion a short statement drafted in 1997 describes the history of his religious beliefs and attitudes toward religion including his abandonment of orthodoxy during World War II The present volume includes these two texts together with an Introduction by Joshua Cohen and Thomas Nagel which discusses their relation to Rawls's published work and an essay by Robert Merrihew Adams which places the thesis in its theological context The texts display the profound engagement with religion that forms the background of Rawls's later views on the importance of separating religion and politics Moreover the moral and social convictions that the thesis expresses in religious form are related in illuminating ways to the central ideas of Rawls's later writings His notions of sin faith and community are simultaneously moral and theological and prefigure the moral outlook found in Theory of Justice

A Brief History of The Men's Rights Movement Peter Wright, 2017-07-07 The Men's Rights Movement consists of groups or individuals fighting for improved human rights for men The movement is sometimes referred to as the Men's Human Rights Movement MHRM with human rights serving as a central focus that encompasses the same rights called civil liberties or civil rights but also including those rights that are not encoded in law such as compassionate and respectful behavior toward men and indeed toward all human beings The purpose of the movement has occasionally been misunderstood this partly because it has been poorly documented To correct that oversight this book attempts to provide a brief overview of both the historical beginnings and goals of the movement over the last 150 years A historical survey reveals that the MRM is concerned with a large array of issues impacting men and boys such as alimony genital mutilation of male infants male homelessness mental illness false accusations family court bias suicide child custody low funding for male health issues educational performance and misandry in mainstream culture just to name a few The following pages provide examples of the early MRM in action focusing in Parts 1-3 on the rise of men's advocacy in the 1800s Part four provides a sample list of men's rights initiatives from the 1800s to recent times and Part five provides a few personal and co-authored essays penned between the years 2012-2017 that give a taste of contemporary thinking with the concluding essay by Robert Brockway giving a general overview of concerns of the modern MRM With the publication of this material in one volume it is hoped that the historical footprint of the MRM will be set straight **An Analysis and Brief History of the Three Great Monotheistic Faiths Judaism, Christianity, Islam** Andrea C Paterson, Dr, 2004-08 This book is a comparison of the three monotheistic faiths of Judaism Christianity and Islam In it the author sought to show that Christianity is the more viable faith and the only path

to God Numerous sources such as books periodicals videos and the Internet were used to reach her conclusion The author desired to express that of the three Christianity is the vehicle and it is only through Jesus Christ that we find the way to God John 14 6
