

Subject: EL-118 Literary Criticism

Module 1.

The Nature of Literature

This course is:

- about literature
- how to read it
- how people of different persuasions respond to various types of literary works
- how their responses are explained in the form of theory
- deals with the application of general and specific principles of literary analysis
- how to teach literature.

LITERARY CRITICISM is a form of inquiry:

- to nature
- function
- study of literature
- presents certain fundamental issues
- clarifies how these issues can be addressed in various ways.

What is Literature?

Raymond Williams:

LITERATURE is a **difficult word**, "in part because its conventional contemporary meaning appears, at first sight, so simple."

From Webster's New Collegiate Dictionary:

- (1) literary culture;
- (2) the production of literary work esp. as an occupation;
- (3a) a writing in prose or verse, especially writing having excellence of form or expression and expressing ideas of permanent or universal interest (relevant)
- (3b) the body of writings on a particular subject;
- (3c) printed matter;
- (4) the aggregate of musical compositions.

1. Literature as writing that exhibits excellence of form or expression:

Literary Research Guide James L. Harner, 2008 James L Harner s Literary Research Guide which Choice calls the standard guide in the field evaluates important reference materials in English studies Since the publication of the first edition in 1989 tens of thousands of students and educators have used the Guide as an aid to scholarly research In the new edition Harner has added entries describing resources published since May 2001 and has revised nearly half the entries from the fourth edition The fifth edition contains more than 1 000 entries which discuss an additional 1 555 books articles and electronic resources and cite 723 reviews Readers of earlier editions will notice the inclusion of substantially more electronic resources particularly reliable sites sponsored by academic institutions and learned societies to account for the proliferation of bibliographic databases text archives and other online resources This edition also features a new section on cultural studies

Librarian's Guide to Online Searching Christopher C. Brown, 2021-06-18 Updates the premier textbook for students and librarians needing to know the landscape of current databases and how to search them Librarians need to know of existing databases and they must be able to teach search capabilities and strategies to library users This practical guide introduces librarians to a broad spectrum of fee based and freely available databases and explains how to teach them The updated 6th edition of this well regarded text covers new databases on the market as well as updates to older databases It also explains underlying information structures and demonstrates how to search most effectively It introduces readers to several recent changes such as the move away from metadata based indexing to full text indexing by vendors covering newspaper content Business databases receive greater emphasis As in the previous editions this book takes a real world approach covering topics from basic and advanced search tools to online subject databases Each chapter includes a thorough discussion a recap concrete examples exercises and points to consider making it an ideal text for courses in database searching as well as a trustworthy professional resource

Scarlet Experiment Jeff Karnicky, 2016-11 Emily Dickinson s poem Split the Lark refers to the scarlet experiment by which scientists destroy a bird in order to learn more about it Indeed humans have killed hundreds of millions of birds for science fashion curiosity and myriad other reasons In the United States

alone seven species of birds are now extinct and another ninety three are endangered Conversely the U S conservation movement has made bird watching more popular than ever saving countless bird populations and while the history of actual physical human interaction with birds is complicated our long aesthetic and scientific interest in them is undeniable Since the beginning of the modern conservation movement in the mid nineteenth century human understanding of and interaction with birds has changed profoundly In *Scarlet Experiment* Jeff Karnicky traces the ways in which birds have historically been seen as beautiful creatures worthy of protection and study and yet subject to experiments scientific literary and governmental that have irrevocably altered their relationship with humans This examination of the management of bird life in America from the nineteenth century to today which focuses on six bird species finds that renderings of birds by such authors as Henry David Thoreau Emily Dickinson Don DeLillo and Christopher Cokinos have also influenced public perceptions and actions *Scarlet Experiment* speculates about the effects our decisions will have on the future of North American bird ecology
