Men Among The Ruins Post War Reflections Of A Radical Traditionalist:

Men Among the Ruins Julius Evola, 2018-07-13 Julius Evola's masterful overview of the political and social manifestations of our time the age of decline known to the Hindus as the Kali Yuga Reveals the occult war that underlies the crises that have become a prevailing feature of modern life Includes H T Hansen's definitive essay on Evola's political life and theory *Men Among the Ruins* is Evola's frontal assault on the predominant materialism of our time and the mirage of progress For Evola and other proponents of Traditionalism we are now living in an age of increasing strife and chaos the Kali Yuga of the Hindus or the Germanic Ragnarok In such a time social decadence is so widespread that it appears as a natural component of all political institutions Evola argues that the crises that dominate the daily lives of our societies are part of a secret occult war to remove the support of spiritual and traditional values in order to turn man into a passive instrument of the powerful Evola is often regarded as the godfather of contemporary Italian fascism and right wing radical politics but attentive examination of the historical record as provided by H T Hanson's definitive introduction reveals Evola to be a much more complex figure Though he held extreme right wing views he was a fearless critic of the Fascist regime and preferred a caste system based on spirituality and intellect to the biological racism championed by the Nazis Ultimately he viewed the forces of history as comprised by two factions history's demolition squad enslaved by blind faith in the future and those individuals whose watchword is Tradition These latter stand in this world of ruins at a higher level and are capable of letting go of what needs to be abandoned in order that what is truly essential not be compromised *Men Among the Ruins* Julius Evola, 2002-01-01

Social and Political Thought of Julius Evola Paul Furlong, 2011-04-21 This book is the first full length study in English to present his political thought to a wider audience beyond that of his followers and sympathisers and to bring into the open the study of a neglected strand of contemporary Western thought that of traditionalism **Reaction Formations** Joshua Branciforte, Ramsey McGlazer, 2023-07-04 Today an international new right has coalesced Various described as nativist right populist alt right and neofascist far right movements in many countries have achieved electoral victories that not long ago seemed highly improbable They have also developed a new cultural politics Adapting tactics from the left the new right has moved from decorum to transgression from conservative propriety to the frank sexualization of political figures and positions from appealing to the conscious normalcy of the silent majority to recasting itself as a protest movement of and for the aggrieved These movements share a mandate for robust nationalism yet they also cultivate a striking international solidarity Who is the subject of this ethnonationalism Many new right movements have in fact intensified or laid bare long standing tendencies but this volume seeks to address aspects of their cultural politics that raise new and urgent questions How should we assess the new right's disconcerting appropriations of strategies of minoritarian resistance How can we practice critique in the face of adversaries who claim to practice a critique of their own How do apparently post normative versions of nationalism give rise to heightened forms of militarism incarceration censorship and inequality How should we

understand the temporality of ethnonationalism which combines a romance with archaic tradition an ethos of disruption driven by tech futurism frequently tinged with accelerationist pathos and a kitschy nostalgia for a hazily defined recent past when things were greater than they are now Surveying nationalisms from Argentina Brazil France Germany India Israel Palestine the United Kingdom and the United States Reaction Formations gives a critical account of contemporary ethnonationalist cultural politics while drawing out counterstrategies for anti fascist resistance Contributors Tyler Blakeney Chiara Bottici Joshua Branciforte Gisela Catanzaro Melinda Cooper Julian G pffarth Ramsey McGlazer Benjamin Noys Bruno Perreau Rahul Rao Shaul Setter and M Ty
