Becoming a Teacher of Writing in Elementary Classrooms Donna Kalmbach Phillips, Mindy Legard

Larson, 2024-04-01 The Second Edition of *Becoming a Teacher of Writing in Elementary Classrooms* is an interactive learning experience focusing on all aspects of becoming writer and teacher of writing in the Writing Studio. The Writing Studio is illustrated with authentic classroom scenarios and include descriptions of assessments, mini lessons, mentor texts, and collaborative and individual teaching strategies. The parallel text *Becoming Writer* allows readers to engage as writers while learning and applying writing process practice and craft of the Writing Studio. The new edition includes integration of preschool writers, multilingual learners, translanguaging, culturally sustaining pedagogy, social emotional learning, Universal Design for Learning, and an updated companion website with teacher resources. This dynamic text supports teachers' agency in the ongoing journey of joyful teaching and writing.

Write This Way Kelly Boswell, 2015-02-20 Modeling is one of the most effective of all teaching strategies, and yet many teachers overlook this powerful tool in writing instruction. When teachers think aloud and then craft a piece of writing in front of their students, they give student writers a peek into what is possible in their own writing. In this book, Kelly Boswell shows you how to transform student writers by infusing short bursts of purposeful teacher modeling. As students watch an adult writer think, talk, and write, they can develop the skills needed in order to create writing that is both polished and purposeful. Tony Stead, educator, internationally known literacy specialist, and author says, "Finally! Not just another book about how to teach writing, but one that targets the power of modeled writing. What a delight it is to read this professional resource that highlights the importance of this strategy as the cornerstone to successful teaching and learning of the writing process."
