AI for Humanity Andeet Ma, James Ong, Siok Siok Tan, 2024-04-30 Capture the value of cutting edge AI while mitigating its most salient risks AI For Humanity Building a Sustainable AI for the Future delivers an incisive and timely discussion of how to design build and implement cutting edge AI in for profit firms and other organizations in a responsible sustainable and ethical way. The book walks you through the three pillars of human focused AI development governance technology and commercialization and dives deep into each one showing you how to create AI products and services that better humanity and advance universally held values. You'll find methodologies and frameworks that mitigate against some of the most profound and unsettling risks of unchecked artificial intelligence development and roadmaps to help you avoid the numerous pitfalls and traps awaiting unsuspecting companies managers and executives. You'll also discover Real world case studies from companies including SAP, Huawei and Tencent demonstrating the actual dilemmas and questions firms face when developing and implementing this extraordinary tech. Actionable commitments you can make to help ensure you and your company avoid the ethical and reputational risks associated with AI. Strategies for AI product and service development consistent with sustainable growth. Perfect for managers, executives, directors and other business leaders with a stake in responsible artificial intelligence design development and implementation. AI For Humanity will also interest regulators, academics, thought leaders and policy makers doing their best to capture AI's substantial potential value while mitigating its most serious risks.

AI Business for Everyone Michael T. Murphy, AI income strategies that actually work for YOUR life. This 1 000 page manual guide delivers hyper personalized passive income roadmaps for 15 demographics parents, retirees, freelancers, everyone. With 2 100 ready to use prompts, case studies, exposing costly pitfalls and aggressive 30 day action checklists, you'll build your 1 000 monthly automated income while others just read about AI. While others debate whether AI will take their jobs, smart individuals across every demographic are quietly building automated income streams generating thousands monthly. This isn't another generic make money with AI guide assuming everyone's a tech savvy twenty something. This is the first truly democratized roadmap to AI wealth crafted for YOUR specific situation. Whether you're a stay at home parent, squeezing work between school runs, a retiree navigating technology, a burned out freelancer seeking leverage or an influencer fighting algorithm changes, this 1 000 page manual guide delivers hyper personalized strategies for your unique circumstances. Each of fifteen demographic focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges. What sets this guide apart is relentless practicality. This isn't theoretical exploration, it's a bootcamp. Every chapter demands action through implementation checklists, leaving zero room for procrastination. You'll launch micro businesses during naptime, automate client work during lunch breaks, and build passive income streams aligned with your lifestyle constraints. At its heart lies an arsenal of 2 100 battle tested prompts categorized by industry and demographic needs. These aren't generic templates; they're precision engineered tools transforming ChatGPT and Claude into

your personal workforce From healthcare practitioners needing HIPAA compliant content to pet entrepreneurs dominating Instagram every prompt delivers immediate monetizable results Through detailed case studies you'll witness actual people not gurus building sustainable AI businesses Meet the seventy year old launching an AI consulting firm the exhausted mom automating her way to 3 000 monthly the weekend hobbyist whose Chrome extension generates 5 000 monthly Crucially you'll learn their failures and costly mistakes too This isn't success theater it's unvarnished truth about building AI income Every chapter follows an aggressive thirty day timeline transforming overwhelming possibilities into daily actions Week one tool setup and niche selection Week two minimum viable product Week three testing and refinement Week four launch and scale The structure pushes you from zero to revenue through forced accountability and relentless momentum Specialized sections address challenges facing regulated industries and creative professionals Healthcare practitioners monetize expertise while maintaining ethical boundaries Artists discover how AI enhances rather than replaces creativity Educators transform teaching skills into automated course empires Small business owners multiply revenue without multiplying headcount This isn't about replacing human creativity with artificial intelligence It's about amplifying existing advantages through strategic automation The book teaches you to identify unfair advantages whether life experience professional network or availability during odd hours and systematically convert them into income generating systems working while you sleep parent travel or pursue passions The comprehensive prompt library eliminates the learning curve allowing immediate implementation Action checklists ensure you're not just reading but doing Real world examples show both spectacular wins and cautionary tales preparing you for every scenario Join thousands discovering the AI gold rush isn't just for Silicon Valley insiders Your demographic isn't a limitation it's your secret weapon in the 72 billion AI economy Stop watching Start building Your automated income stream awaits

Empire of AI Karen Hao, 2025-05-20 A NEW YORK TIMES BESTSELLER An eye opening account of the tech arms race shaping our planet from an award winning journalist and AI insider to the world of Sam Altman and OpenAI When longtime AI expert and journalist Karen Hao first began covering OpenAI in 2019 she thought they were the good guys Founded as a nonprofit with safety enshrined as its core mission it was meant its leader Sam Altman told us to act as a check against more purely market forces But the core truth of this massively disruptive sector is that it requires an unprecedented amount of proprietary resources the compute power of scarce high end chips the sheer volume of data that needs to be amassed at scale the humans on the ground cleaning it up for sweatshop wages throughout the Global South and a truly alarming spike in the need for energy and water underlying everything We have entered a new ominous age of empire with OpenAI setting a breakneck pace as a small group of the most valuable companies in human history try to chase it down In exhilarating prose and with unparalleled access to those closest to Sam Altman Hao recounts the meteoric rise of OpenAI and shows us the sinister impact that this industry is having on society
