Applied Valuation Clifford S. Ang, 2023-01-30 Valuation is part art and part science While there are wrong ways to value a stock there may be no single correct way to value a stock Applied Valuation A Pragmatic Approach helps to bridge theory and how valuations can be implemented in practice It offers pragmatic solutions that are in line with valuation principles and explains the implications of certain approaches and rules of thumb that are commonly used in practice so the reader understands why or when such methods make sense Valuation is a highly case specific exercise and slight changes in the conditions at the time of the valuation could change the approach and inputs that an analyst should be using This book discusses how to develop the intuition and skills that would allow you to determine the appropriate or reasonable approach to take regardless of what situation may arise in the future Also including in depth case studies of Walmart and Tesla this book examines concepts like projections discount rates terminal value and relative valuation to equip students practitioners and the general reader with a better understanding of the methods that will help them build their own framework to value businesses and analyze valuation issues

All In Robert Bruce Shaw,2020-07-07 Extraordinary leaders share a passionate commitment to achieving their vision that borders and sometimes crosses the line into obsession All In shows why obsession if properly focused and managed is both necessary and productive Advances in any endeavor almost always depend on a small group of individuals who are completely consumed by the goal they re pursuing When these leaders and teams are successful everyone benefits from their obsessive nature This book explores the three obsessions underlying the achievements of the greatest leaders delighting customers building great products and creating an enduring company Author Robert Bruce Shaw takes you inside the success stories of iconic leaders and shows the upside of obsession plus the practices that support it including Jeff Bezos of Amazon Elon Musk of Tesla and Steve Jobs of Apple In All In Shaw teaches you why Amazon s first principle is customer obsession and the behaviors that sustain it as the firm becomes one of the largest in the world Tesla puts products at the center of everything it does and the leadership approach that created a revolutionary electric car Steve Jobs greatest creation was not the Mac or iPhone but Apple the company Shaw also provides insight into the dark side of obsession and its destructive potential as vividly illustrated in his case study of Uber s aggressive pursuit of growth during the tenure of CEO Travis Kalanick Appealing to any reader of entrepreneurial biographies All In shows individuals teams and organizations how to manage obsession s downsides while realizing the benefits of relentlessly seeking to create something that truly matters

Inevitable Mike Colias,2025-02-04 A sweeping portrait of the EV transformation and what it means for all of us The question is no longer if electric vehicles will happen or even when they ll happen but how Veteran automotive reporter Mike Colias takes you inside the transformation in this thoroughly reported profile of the hard pivot in the car business a 2 trillion industry undergoing the biggest change in its 120 year history a change that is already sending ripples across the entire global economy Colias documents the inevitable shift from pistons to electrons from every angle taking you inside the boardrooms where executives battle over their EV strategies to take on Tesla and more recently emerging Chinese powerhouses such as BYD He brings you to family run car dealerships deciding if they ll sell EVs or sell their businesses He follows entrepreneurs along lonely stretches of road that will soon need charging stations He talks to power train engineers whose skills were once the beating heart of the automotive industry but who now find themselves being replaced by coders

This is an epic exploration that stretches from Detroit to Japan to Germany to China and from factories in Normal Illinois and Haywood County Tennessee to a burgeoning mining operation along the shores of California's briny lithium rich Salton Sea. Inevitable is a deeply enjoyable and smart book that uses masterful storytelling to capture the expanse and dynamism of the transition to electric vehicles in profound detail bringing to life its seismic effects on everything and everyone. **Strategic Management** Henk W.
