The Routledge Companion to Advertising and Promotional Culture Emily West, Matthew P. McAllister, 2023-04-04 This comprehensive second edition provides an updated essential guide to the key issues, methodologies, concepts, debates and policies that shape our everyday relationship with advertising. This updated edition takes a critical look at advertising and promotion during the explosion of digital and social media as well as with significant social and cultural shifts including the COVID 19 pandemic, the rise of the Black Lives Matter movement, the destabilization of democracies and rise of authoritarianism around the world and intensification of the climate crisis. The book offers global perspectives on advertising and promotion with attention to issues of diversity and difference. It contains eight sections: Historical Perspectives on Advertising and Promotion, Promotional Industries, Advertising Audiences, Advertising Identities, Advertising and in Crisis, Promotion and Politics, Promotionalism and Its Expansions, and Advertising, Promotion and the Environment. With chapters written by leading international scholars working at the intersections of media and advertising studies, this book is a go to source for scholars and students in communication media studies and advertising and marketing looking to understand the ways advertising has shaped consumer culture in the past and present.

Data for All John K. Thompson, 2023-08-08 Do you know what happens to your personal data when you are browsing, buying or using apps? Discover how your data is harvested and exploited and what you can do to access, delete and monetize it. Data for All empowers everyone from tech experts to the general public to control how third parties use personal data. Read this eye opening book to learn the types of data you generate with every action every day. Where your data is stored, who controls it and how much money they make from it. How you can manage access and monetization of your own data. Restricting data access to only companies and organizations you want to support. The history of how we think about data and why that is changing. The new data ecosystem being built right now for your benefit. The data you generate every day is the lifeblood of many large companies and they make billions of dollars using it. In Data for All bestselling author John K. Thompson outlines how this one sided data economy is about to undergo a dramatic change. Thompson pulls back the curtain
