**Learn Enough HTML, CSS and Layout to Be Dangerous** Lee Donahoe, Michael Hartl, 2022-07-27 All You Need to Know and Nothing You Don't Need to Start Creating and Deploying Web Sites In Full Color To design, build, and deploy modern websites, you need three core skills: the ability to write and edit HTML, and CSS to control page design and create efficient web layouts that serve users well. But you don't need to learn everything about HTML, CSS, and web layout just how to use them efficiently to solve real problems. In "Learn Enough HTML, CSS, and Layout to Be Dangerous", expert developer Lee Donahoe and renowned instructor Michael Hartl teach the specific concepts, skills, and approaches you need to get the job done. Even if you've never created a web page, the authors help you quickly build technical sophistication and master the lore you need to succeed. Focused exercises help you internalize what matters without wasting time on details pros don't care about. Soon it'll be like you were born knowing this stuff and you'll be suddenly seriously dangerous. Learn enough about Deploying a simple but real website to the live Web right away. Adding advanced styling to websites including CSS Flexbox and CSS Grid. Installing and configuring Jekyll, a static site generator. Getting started with templating systems and programming languages. Mastering key layout principles for web design. Registering and configuring custom domains with custom URLs and email addresses. Receiving email at your domain with Google's G Suite. Setting up analytics to better understand your site's visitors. Making all these technologies work well together. Michael Hartl's "Learn Enough" series includes books and video courses that focus on the most important parts of each subject so you don't have to learn everything to get started; you just have to learn enough to be dangerous and solve technical problems yourself. Register your book for convenient access to downloads, updates, and/or corrections as they become available. See inside book for details.

**In Living Color** Bernadette Giacomazzo, 2023-02-15 An entertaining yet candid examination of the popular sketch show In Living Color When the pilot for In Living Color aired for the first time on April 15 1990 America had never seen anything like it And they loved it Over five seasons the show broke racial cultural and comedy boundaries creating unforgettable sketches that dealt almost exclusively with Black subject matter In Living Color A Cultural History celebrates the iconic show and its creators while also providing a conscientious examination of the sketches themselves Bernadette Giacomazzo reveals how the show successfully tackled topics that are still salient today from diversity in Hollywood and workplace racism to mass incarceration and blackfishing while other sketches have not aged quite so well Giacomazzo also looks at how the show helped break the careers of Jamie Foxx Jim Carrey and David Alan Grier amongst others and how its most infamous sketches such as Fire Marshall Bill Homey the Clown East Hollywood Squares and Men on Film helped shape comedy in the twenty first century In Living Color was one of the few sketch shows of the 1990s that effectively tackled racial and social issues with humor It did so more successfully than Saturday Night Live ever did because unlike the long standing late night show In Living Color had a largely Black writer's room This cultural history finally gives the influential show and its creators the recognition they deserve for their role in changing the face of television
