Lesson 3 *The War in Europe*

Review Questions: Identifying Supporting Details

DIRECTIONS: Read each main idea. Use your textbook to supply the details that support or explain each main idea.

A. Main Idea: U.S. forces fought the Germans at sea and in North Africa, while the Soviets fought them at Stalingrad.

- Detail:** Roosevelt decided to invade Morocco and Algeria because experience and also help British troop. Generals Eisenhower and George Patton pushed German troops back in North Africa.
- Detail:** In the Atlantic, the Germans targeted US cargo ships in coastal waters. The navy set up a convoy system that greatly improved safety.
- Detail:** Hitler targeted the city of stalingrad in Russia to cut off the Soviet's from badly needed resources. The battle, which the soviets won, was a major turning point in the war.

B. Main Idea: After the Allied invasion of North Africa, the Allies made plans to strike Germany and Italy.

- Detail:** The Allied bombing campaign in Germany accomplished two things: it caused a severe oil shortage and wrecked the railroad system, and it destroyed many factories.
- Detail:** General Eisenhower commanded the invasion of Sicily with General Patton and British General Montgomery heading the ground forces.
- Detail:** The attack on Sicily caused Italy to surrender. In Italy, the Germans seized control of the fortified town of Cassino while the Allies landed at Anzio. Fighting in Italy lasted 5 months.
- Detail:** At the Tehran Conference, Roosevelt and Stalin agreed to divide germany after the war to prevent it from threatening world peace. Stalin also agreed to an peace orgnization after the war.

National Academy of Sciences,Institute of Medicine,1998-04-30 With age appropriate inquiry centered curriculum materials
and sound teaching practices middle school science can capture the interest and energy of adolescent students and expand
their understanding of the world around them Resources for Teaching Middle School Science developed by the National
Science Resources Center NSRC is a valuable tool for identifying and selecting effective science curriculum materials that
will engage students in grades 6 through 8 The volume describes more than 400 curriculum titles that are aligned with the
National Science Education Standards This completely new guide follows on the success of Resources for Teaching
Elementary School Science the first in the NSRC series of annotated guides to hands on inquiry centered curriculum
materials and other resources for science teachers The curriculum materials in the new guide are grouped in five chapters by
scientific area Physical Science Life Science Environmental Science Earth and Space Science and Multidisciplinary and
Applied Science They are also grouped by type core materials supplementary units and science activity books Each
annotation of curriculum material includes a recommended grade level a description of the activities involved and of what
students can be expected to learn a list of accompanying materials a reading level and ordering information The curriculum

materials included in this book were selected by panels of teachers and scientists using evaluation criteria developed for the guide. The criteria reflect and incorporate goals and principles of the National Science Education Standards. The annotations designate the specific content standards on which these curriculum pieces focus. In addition to the curriculum chapters, the guide contains six chapters of diverse resources that are directly relevant to middle school science. Among these is a chapter on educational software and multimedia programs; chapters on books about science and teaching; directories and guides to science trade books and periodicals for teachers and students; Another section features institutional resources. One chapter lists about 600 science centers, museums, and zoos where teachers can take middle school students for interactive science experiences. Another chapter describes nearly 140 professional associations and U.S. government agencies that offer resources and assistance. Authoritative, extensive, and thoroughly indexed, and the only guide of its kind, *Resources for Teaching Middle School Science* will be the most used book on the shelf for science teachers, school administrators, teacher trainers, science curriculum specialists, advocates of hands-on science teaching, and concerned parents.
