So writes Firmat in this ground breaking study of the interweaving of life and languages in a group of bilingual Spanish Spanish American and Latino writers. Unravelling the tongue ties of such diverse figures as the American philosopher George Santayana the emigr Spanish poet Pedro Salinas Spanish American novelists Guillermo Cabrera Infante and Mar a Luisa Bombal and Latino memoirists Richard Rodriguez and Sandra Cisneros Firmat argues that their careers are shaped by a linguistic family romance that involves negotiating between the competing claims and attractions of Spanish and English.

Travel between through and among urban centers initiates contact and cities themselves are sites of ever changing cultural and historical encounters. Predictable and surprising challenges and opportunities arise when city borders are crossed voices meet and artistic traditions find their counterparts. Using the Latin word for translation *translatio* or to carry across as a point of departure Avenues of Translation explores how translation perpetuates diversifies deepens and expands the literary production of cities in their greater cultural context and how translation shapes an understanding of and access to a city's past and present literary and cultural practices. Thinking about translation and the city is a way to tell the backstories of the cities texts and authors that are united by acts of translation.
