Measuring Academic Research How To Undertake A Bibliometric Study:

Measuring Academic Research Ana Andres, 2009-11-11 Measuring Academic Research outlines how to undertake a bibliometric study a topic of vital importance in academic research today Scientometrics studies assess scientific productivity and can be applied to all disciplines Many analyses have been applied in relation to bibliometric studies but few have shown how to actually carry out the analysis This book provides a guide on how to develop a bibliometric study from the first step in which the topic study has to be set to the analysis and interpretation A practical and easy to read guide on how to carry out a bibliometric study Gives a wide and up to date view about the most common scientometric indexes Analyses are illustrated with multiple and practical examples about their application *Measuring Academic Research* Ana Andrés, 2009 This book outlines how to undertake a bibliometric study a topic of vital importance in academic research today Scientometrics studies scientific productivity and can be applied to all disciplines Many analyses have been applied in relation to bibliometric studies but few have shown how to actually carry out the analysis This book provides a guide on how to develop a bibliometric study from the first step in which the topic to study has to be set to the analysis and interpretation It provides a practical and easy to read guide on how to carry out a bibliometric study gives a wide and up to date view about the most common scientometric indexes analyses are illustrated with multiple and practical examples about their application directed at people from many disciplines who are not necessarily experts in this field Publisher *Information and Communication Technology for Competitive Strategies (ICTCS 2021)* Amit Joshi, Mufti Mahmud, Roshan G. Ragel, 2022-06-22 This book contains best selected research papers presented at ICTCS 2021 Sixth International Conference on Information and Communication Technology for Competitive Strategies The conference will be held at Jaipur Rajasthan India during December 17 18 2021 The book covers state of the art as well as emerging topics pertaining to ICT and effective strategies for its implementation for engineering and managerial applications This book contains papers mainly focused on ICT for computation algorithms and data analytics and IT security The book is presented in two volumes *Innovation, Regional Integration, and Development in Africa* Samuel Ojo Oloruntoba, Mammo Muchie, 2018-07-26 This edited volume discusses the role of innovation and regional integration in economic development in Africa Over the past five decades post colonial African countries have struggled to break loose from the trap of poverty and underdevelopment through the adoption of various development strategies at regional national and continental levels However the results of both national and regional efforts at advancing development on the continent have been mixed Although the importance of agglomeration and fusion of institutions have long been recognized as possible path to achieving economic development in Africa the approach to regionalism has been unduly focused on market integration while neglecting other dimensions such as social policy mobility of labor educational policy biotechnology regional legislation manufacturing innovation and science and technology This volume investigates the link between innovation regional integration and development in Africa arguing that the immediate

and long term development of Africa lies not just in the structural transformation of its economies but in the advancement of scientific and innovation capacities The book is divided into four parts Part I addresses the theoretical and conceptual underpinnings of innovation and regional integration in Africa Part II presents case studies which examine how regional economic institutions are fostering innovation in Africa Part III of the book deals with sectoral issues on innovation and integrated development in Africa Part IV sets the future research on innovation regional integration and development in Africa Combining theoretical analysis and a comparative interdisciplinary approach this volume is appropriate for researchers and students interested in economic development political economy African studies international relations agricultural science and geography as well as policymakers in regional economic communities and the African Union

Digital Transformation in Healthcare in Post-COVID-19 Times Miltiadis Lytras, Abdulrahman Housawi, Basim Alsaywid, 2023-05-12 Digital Transformation in Healthcare in Post Covid19 Times discusses recent advances in patient care and offers critical comparative insights into their application across multiple domains in healthcare By showcasing key problems best practices and emerging challenges the book offers a state of art review of opportunities and prospects in the process of delivering smart sustainable healthcare services Topics discussed include healthcare challenges in the post COVID 19 era enabling technologies for digital transformation value driven approaches to the delivery of patient centric top quality health services and analytics and enhanced decision making In addition the book updates knowledge on best practices for training towards digital transformation and sustainable health This is a valuable resource for healthcare professionals medical doctors researchers graduate students and members of the biomedical field who are interested in learning more about the use of emerging technologies in healthcare Holistically discusses the new landscape of digital transformation and sustainability in health Presents a case study driven approach based on real world scenarios to help readers apply the knowledge gained into practice Promotes sound research on the impact of emerging technologies in health and life specialties and their relevant role during the COVID 19 pandemic *Empowering People Collaboration between Finnish and Namibian University Libraries* ,2012 **Nature Sports** Ricardo Melo, Derek Van Rheenen, Sean Gammon, 2023-11-07 This book represents the first international collection that challenges current thinking and research in the emerging field of nature sport Owing to its inherent connections with fields such as business leisure health tourism and education this emerging field has attracted perspectives from a wide range of theoretical viewpoints much of which are discussed within this collection In simple terms nature sports refer to a group of sporting activities that predominantly take place in natural and rural areas Participation can be both competitive and recreational with the primary aim to work in relation to nature where participants seek harmony rather than the quest to conquer it Within this book experts from around the globe consider the very essence of nature sport s including numerous practical examples of it in action offering invaluable insights to those both familiar and new to the field Driven by an increase in non traditional sports coupled with growing concerns about the

environment nature sports have experienced significant expansion and interest in both participation and academic debate This book is a valuable resource for students and academics in fields such as alternative sports alternative sport subcultures sport philosophy sport and social issues ethics and phenomenology It is also a fascinating read for outdoor educators and practitioners The chapters in this book were originally published as special issues in *Annals of Leisure Research*

Handbook Bibliometrics Rafael Ball,2020-12-07 Bibliometrics and altmetrics are increasingly becoming the focus of interest in the context of research evaluation The *Handbook Bibliometrics* provides a comprehensive introduction to quantifying scientific output in addition to a historical derivation individual indicators institutions application perspectives and data bases Furthermore application scenarios training and qualification on bibliometrics and their implications are considered

Assessment as Information Practice Gaby Haddow,Hollie White,2021-12-29 *Assessment as Information Practice* provides information about a range of collection and service based assessment approaches that can be applied in different contexts to benefit institutions and the users they serve by enhancing quality efficiency and effectiveness With contributions from practitioners and researchers in Australia New Zealand Thailand and the United States the chapters discuss practical and theoretical aspects of assessment in collecting institutions Each chapter focuses on specific assessment approaches or contexts while providing guidance on method and use The chapters can be read alone or as a series to gain an appreciation of assessment approaches including assessment oriented research storytelling design thinking data visualisation mixed methods assessment for digital resources data for institutional repository assessment bibliometric methods and impact assessment *Assessment as Information Practice* serves as a resource for practitioners involved in assessment activities Detailing the processes and considerations that will contribute to more effective and sustainable assessment programmes the book is also relevant to faculty researchers and students working in the information sector

Social and Economic Development in Central and Eastern Europe Grzegorz Gorzelak,2019-08-13 The integration of post socialist Central and Eastern Europe into the EU is one of the success stories of European development The region has seen significant economic convergence dramatic changes in socio economic indicators and improvements in the natural environment However some challenges remain such as political divergence public governance issues and population demographics This book identifies and analyses the key post 1990 developments across the New Member States at the sub national and national levels with frequent country level and regional comparisons Careful attention is paid to drawing out commonalities in development trajectories while appreciating each country s unique context Drawing on the academic literature and illuminating empirical material the broad range of topics discussed in the book paints a detailed picture of both change and stability in Central and Eastern Europe It will be valuable reading for advanced students researchers and policymakers in regional studies European studies human geography political economy and transition economics

The Evaluation of Scientific Research David Evered,Sara Harnett,1989-05-05 This volume embodies the proceedings of a conference on the evaluation of scientific

research held at the Ciba Foundation London on 6th 8th June 1988 Topics include the evaluation of research training scientific institutions research groups and the link between technology and science **Journal of Information Science** ,2004 **Canadian Journal of Forest Research** ,2010 *Nigerian Libraries* ,2017 *ESRC Data Archive Bulletin* ,1991
 Rashtrasant Tukadoji Maharaj Nagpur University research journal ,2015 *Proceedings* ,1995 **Annals of Library and Information Studies** ,2005 **The Flow of Ideas Within and Among Academic Disciplines** Ylva Lindholm-Romantschuk,1994 **The Economics of Knowledge Production** Aldo Geuna,1999 Examines the subject of university research and how it is funded considering the relationship between the allocation of funds and university research productivity In particular the book looks at the possible unintended consequences of university policies and priorities
